—Morningstar

ISN'T IT NICE WHEN THE EXPERTS DISCOVER SOMETHING YOU'VE KNOWN ALL ALONG.

Over 1.6 million people in education and research know that choosing TIAA-CREF was a smart move. And now everyone else does too. Because Morningstar—one of the nation's leading sources of variable annuity and mutual fund information—has some stellar things to say about our retirement investment accounts.

annuities.*** Of course, past performance is no guarantee of future results.

“...CREF is far and away the cheapest variable annuity out there.”

Morningstar also called attention to CREF's “...rock-bottom” fees—something that can really add to the size of your nest-egg down the road. What's more, TIAA's traditional annuity—which offers guaranteed principal and interest plus the opportunity for dividends—was cited as having the highest fixed account interest rate among all annuities in its class.

We're happy to accept Morningstar's glowing ratings. But nice as it is to focus on stars, we'll keep focusing on something more down-to-earth: building the financial future you want and deserve.
