HOW TO USE THE BATHROOM.
Do you know that you use up to 55 gallons
of water a day in the bathroom? It's true. So here's
some simple bathroom training to help conserve
water. Turn off the faucet while brushing your
teeth. Take shorter showers. Put a weighted jug in
your toilet tank. It'll cut water loss by 15%.
And if you can't remember these tips, take this
paper with you the next time you go. I-800-MY-SHARE
IT'S A CONNECTED WORLD. DO YOUR SHARE.

Go out with friends and keep
track of each other. Don't
broadcast your name, address or
plans in front of others.
On a first date, plan to meet in
a public place. Let people know
where you plan to be and let
your date know that others know.
Stick to your plans.
