

TAKE VINCE AND LARRY'S CRASH COURSE IN SAFETY BELTS.

"Hey guys, there's some smashing news about safety belts that you should know. And Larry and I want to be the first ones to break it to you."

"But Vince, we like to break everything."

LESSON NO. 1

"As you know, Larry, pretty soon all cars will come with automatic safety belts or air bags—and I don't mean your mother-in-law!"

"That's right, Vince, but these new automatic gizmos only do part of the job to keep you from being a windshield warrior. You've still got to make sure your safety belt is buckled up."

LESSON NO. 2

"Larry, do you know what works best when they fit tightly?"

"My Uncle Bernie's false teeth?"

"No Larry, safety belts. You've got to always make sure that yours is snug and that whatever safety belt system your car comes with is in a-ok-working order."

LESSON NO. 3

"No matter if you're on the road to Rio or going just around the corner, without a safety belt my friend you're on the road to ruin."

"Ruin, is that a small town in France, Vince?"

"No, dashboard breath, what I'm saying is whether your trip is short or long, you should be buckled up."

LESSON NO. 4

"And Vince, folks should remind others to wear their safety belts too. Remember there could be a dummy in your car."

YOU COULD LEARN A LOT FROM A DUMMY. BUCKLE YOUR SAFETY BELT.
