HOROSCOPES

- Aries (March 21-April 19):** The Big Town can be a harsh place without influence or allies. You need every friend you can get, but today you must let them come to you. Trying too hard can only make things worse.
- Leo (July 23-Aug. 22):** The new Pisces Sun turns today's Scorpio influence into a Liar's Moon. You are caught with your foot in your mouth and one hand in the cookie jar. Apology is the only sane response. Avoid making further promises at this time.
- Sagittarius (Nov. 22-Dec. 21):** You are one of The Outsiders today, that gang from the wrong side of the tracks. The good news is that there is a kind of nobility to your outcast state. You'd refuse to join any social club that might want you as a member.
- Taurus (April 20-May 20):** Today all Taureans are everyone's Little Darlings, which might be either good or bad. You experience an outpour of gushing emotion, some of which may be condescending. It's not easy being so cute.
- Virgo (Aug. 23-Sept. 22):** You remain in motion, comfortably balanced between thought and action, spending quality time in several worlds. The unseen has a tremendous influence on today's direction.
- Capricorn (Dec. 22-Jan. 19):** Today you feel like one of those lucky Singles whose every possibility holds promise. For those already in a relationship, you are presented with a tempting array of business and social opportunities.
- Gemini (May 21-June 21):** Today finds you as the Target of an investigation. It may be nothing serious, but someone has a definite interest in your secrets. Playing hard to get will only encourage your pursuers.
- Libra (Sept. 23-Oct. 23):** You are in danger of becoming a Druggstore Cowboy galloping through a world of illusion. Pierce the veil and look behind it. A rude awakening will only get worse the longer you postpone it.
- Aquarius (Jan. 20-Feb. 18):** If people see you as a Rebel today, it is probably because you don't participate. Mustering the energy to attempt a sweeping change is the last thing on your mind. The status quo may have to do for now.
- Cancer (June 22-July 22):** This is a day To Die For, the water signs bathe you in their subtle flow and deep currents. You are transformed by power and passion, and you may never be the same again.
- Scorpio (Oct. 24-Nov. 21):** This is your day to go Over the Edge. The Sun enters Pisces, flooding dramatic intuition. Backed with the power of a Scorpio Moon, you have the strength and vision to rule the world.
- Pisces (Feb. 19-March 20):** Be prepared for Wild Things to happen as the Sun enters Pisces' dream house. Old obstacles wash away or simply cease to matter. Passion colors your world in a way you never imagined possible.
