THE ARMY CAN HELP YOU GET A \$40,000 EDGE ON COLLEGE.
The Army can help you get an edge on life and earn up to \$40,000 for college through the Montgomery GI Bill plus the Army College Fund.
Here's how it works. Enlist for four years. You then contribute \$100 a month for the first year from your \$11,100 first year salary. The Army then contributes the remainder. Enlist for three years and you earn \$33,000 or enlist for two years and earn \$26,500.
Army opportunities get better every day. If you qualify, you could train in one of over 200 challenging and rewarding high-tech skills in fields like avionics and electronics, satellites and microwave communications, computer and radar operations—just to name a few.
It makes sense to earn while you learn. For more information about getting money for college, call your Army Recruiter today.
