Change of plans?

If a change of plans brings you to Greenville, remember that you can continue your education at Greenville Tech. Our University Transfer classes are accepted by four-year colleges and universities around the country. And at \$625 a semester for full-time students who are Greenville County residents, we can help you save money. But affordability isn't the only reason to consider Greenville Tech. We offer high-quality instruction in a smaller, more personal atmosphere.

Our distance learning options work no matter where you're in college. Students in Columbia, Charleston, Clemson, and many other locations around the state take advantage of our telecourses and online courses to get ahead.
