HOROSCOPES

Aries (March 21-April 19) You're under pressure; that's for sure. But, that's no excuse. Watch where you're going. Check your lists, too, just to make sure you haven't forgotten anything. You HATE it when that happens!

Taurus (April 20-May 20) Today gather with friends to make things happen. You have lots of good ideas, and so do they. You may finally figure out how to make the money you need. And, best of all, you could do it in a way that's fun for everybody. Have that be your goal.

Gemini (May 21-June 21) You look good today. You could be offered a good deal, but there are complications. That may be when your luck kicks in. Don't try to figure it out for yourself. Get an expert's advice and avoid an unpleasant surprise.

Cancer (June 22-July 22) Your imagination could kick in with an impossible idea. Could you make a dream come true? It'll take some doing, but that's OK. Start by figuring out where you want to go and with whom. Head in the right direction, or you'll never get there.

Leo (July 23-Aug. 22) You've got the urge, but you shouldn't splurge. Wait until tomorrow to do that. Sometimes you can follow a hunch, but that's not recommended now. If you want to give a gift, fine. If you want a good deal, wait.

Virgo (Aug. 23-Sept. 22) Are you ready to make some changes? Everything's going according to plan, but not for long. Expect the unexpected and don't dismay. Your partner will be a big help. Together, you'll do fine.

Libra (Sept. 23-Oct. 23) This is a good day for fantasy and a terrible day for reality. You won't want to go there, at all. Better stay in a familiar environment. If you get off track, you could get lost, and that's no fun at all!

Scorpio (Oct. 24-Nov. 21) You don't have as much money as you'd like for a romantic interlude. Don't worry about it. If you're with the right person, it won't make a bit of difference. If you're not, you'll find out.

Sagittarius (Nov. 22-Dec. 21) Friends want to be with you, but you may not be in the mood for a crowd. Sometimes you are, and sometimes you aren't. If this is one of the latter times, don't worry. It'll pass. Meanwhile, rest.

Capricorn (Dec. 22-Jan. 19) You're pretty smart, thank heaven. You may have to learn a new skill, quickly. Don't promise more than you can deliver even if the money's good. If it's a stretch, just let them know in case things don't go as hoped.

Aquarius (Jan. 20-Feb. 18) At least one glitch is predicted, maybe two. A lot of intense energy is going around. Something that changes everything could happen, so take care. Wait 'till you're really sure before you plunk your money down. Don't take risks.

Pisces (Feb. 19-March 20) You should have a good day. That puts you in the lucky minority. Money could be tight, and travel's complicated, too. Something about your career doesn't go as planned, either. Stay in communication; that's the key to your success.
