Griffin got seven bucks (!) stolen (!) from his pants pocket in P.E. when he went to take a shower. \$7.00! GOD, HE COULD BUY TWO ALBUMS WITH THAT!!!! Oh well.... Nothing much really happened today.... just a sec, lemme think a while.... nope, nothing important.... I've been listening to some really

great old albums that I found when we moved.... It was funny/cool at first, then it got stale, and now all of a sudden I really like this old jazz alot.... better than most of the so called top groups' lousy songs.... Rock could be so cool if it could use jazz and electronics in the music better.... Oh yeah ♪♪ my fave album of the day is called ♪♪ "Casa Loma In Hi-Fi" by Glen Gray and the Casa Loma Orchestra. La dee dah doo doo dah dee dah!! ♪

"ABSOLUTELY FREE" the MOTHERS
"REVOLVER" BEATLES
"WE'RE ONLY IN IT FOR THE MONEY" the MOTHERS
"ARE YOU EXPERIENCED?" JIMI HENDRIX

"SGT. PEPPER'S LONELY HEARTS CLUB BAND" BEATLES
"THE BEATLES" BEATLES

Well, I'm sitting here writing this on my bed and Nigel is sitting in the chair reading a comic book.. Basically we're hiding out because

just before this we were outside playing soccer and little fat Tommy Gordon was getting hit by water balloons from other little kids.... So Nigel and I went inside and we filled some big glad bags with water and gave them to Tommy and he got one of the main culprits. Well that kid ran home and got his dad and when we saw this big fat guy coming down the street with no shirt on Nigel and I took off into the bushes and

HOROSCOPES

Aries (March 21-April 19) Accomplishing your goals should get easier soon. Meanwhile, give financial matters your full attention. Daydreaming could turn out to be very expensive. One thing on your list absolutely must be done. Do it.

Taurus (April 20-May 20) You might be a little tired, but the action's starting to slow down. You'll have more time to think about practical matters. If you don't have the opportunity to ask for a raise for most of the day, don't despair. Your odds of getting it are better later.

Gemini (May 21-June 21) You'd much rather be playing with your friends. It's not quite time yet, however. Schedule all that for tomorrow and the next day. You'll have to be content with doing the preparations now. Don't let them distract you from an important task, either.

Cancer (June 22-July 22) Join with your friends again and celebrate a recent victory. As the day goes on, paperwork becomes more pressing. You may even have to take some home to work on over the weekend. That would be perfect, actually. You'll be in the mood to do it, then.

Leo (July 23-Aug. 22) You could get the opportunity to advance in your career, so do some planning. You'll have to prove you can do what's required, so figure out what that is. Once you know what the routine will be, all you'll have to do is practice.

Virgo (Aug. 23-Sept. 22) Contact a far-away friend and ask for advice. This person has been where you're trying to go and can help you figure out how to get there. You may get a surprising extra benefit from the conversation, too. You could all of a sudden realize how well-off you are.

Libra (Sept. 23-Oct. 23) Plan to get out of town this weekend, if at all possible. It would be good for you, even if it looks like you can't possibly take the time. Actually, an hour spent setting priorities now could save you half a day tomorrow.

Scorpio (Oct. 24-Nov. 21) Somebody else may try to order you around. If your money's involved, don't be an idiot. Follow the advice of a trustworthy person. Don't simply do what you're told, out of intimidation. It's up to you to tell the difference.

Sagittarius (Nov. 22-Dec. 21) Your intention yesterday was to take care of other people. You probably did a good job of it, too. Now, see if somebody will give you a helping hand. Instead of running yourself ragged, let somebody else carry part of your load.

Capricorn (Dec. 22-Jan. 19) You may have had a couple of nice days recently. That's the good news. The bad news is that you'll feel like working now, over the weekend! Oh well, you're not on a regular schedule like everybody else. When you're hot, you're hot!

Aquarius (Jan. 20-Feb. 18) You'll have a relaxing weekend, most likely. Meanwhile, muck out the mess at your place so you can have somebody special over this weekend. Do a good job of it, too. You'll want everything to be perfect.

Pisces (Feb. 19-March 20) Focus on whatever you're studying. You'll retain what you're learning, and that's important. Don't believe a friend who says you can't do it yourself. Maybe he or she can't, but you can.
