LIFE IN HELL

HOROSCOPES

Aries (March 21-April 19) The money you'd planned to spend on one thing may be needed for something else. Use your experience, rather than a friend's advice, to figure this one out. Remember a similar situation in your past and do what worked.

Taurus (April 20-May 20) Things aren't working out as easily as expected. You're determined that you know best, but others aren't easily convinced. Use facts, along with your natural stubbornness. You can win them over to your side.

Gemini (May 21-June 21) You're too busy to travel, but don't worry. If it hadn't been that, it would have been something else. Reschedule the trip for later. Sunday's your best bet. You can get a lot done through other means — and other people. Delegate.

Cancer (June 22-July 22) You're a generous person, but you don't have to give all your money away. If you hear from another worthy cause, take care. Go through your budget, and only give what you can afford. Put your own home and family first.

Leo (July 23-Aug. 22) Every time you turn around, you'll meet with criticism. Everybody has comments on what you should do next, but don't complain. Listen, instead, and take notes. If you do that, they won't repeat themselves as often. That will be a blessing.

Virgo (Aug. 23-Sept. 22) Don't bother scheduling a luncheon date. You won't have much free time until next week. Put that on your answering machine and then turn off your phone's ringer. That'll give you the peace and quiet you need to concentrate.

Libra (Sept. 23-Oct 22) Your sweetheart or partner could be in a tizzy about money, and this makes your life difficult. Work out a budget that you can both live with. You have a broader perspective right now. Your friend can't see outside the box.

Scorpio (Oct. 23-Nov. 21) A roommate has plans for this weekend that involve you and your home. Are you launching into a new project? Better not to invite friends over for dinner until at least Sunday. There's liable to be too big a mess before then.

Sagittarius (Nov. 22-Dec. 21) Something you're trying at work could fall flat. You may have received faulty information. Conditions will be better for fixing things next week. Try not to get stressed over something that's not working right. Deep breaths, OK?

Capricorn (Dec. 22-Jan. 19) Buying nice gifts for the people you love is one of your favorite things to do. But, are you being realistic? Overspending isn't a good way to show somebody you care. It doesn't work all that well. Think of something else.

Aquarius (Jan. 20-Feb. 18) Something isn't going well at home. It's upsetting and may have you confused. Don't be too hard on yourself. An older person can help. That person may have been trying to tell you what to do for ages. Just do it and stop arguing.

Pisces (Feb. 19-March 20) You're strong, while others are having all sorts of problems. They're liable to come to you for help making decisions. Advise them to go over the material one more time. They'll solve their own problems, and you'll look wise.
