HOROSCOPES

**Aries (March 21-April 19)** A friend comes up with a brilliant idea. Write it down, consider it, and add it to your plans, but don't run off and do it yet. It's probably too expensive. If you think about it more, you can come up with an affordable modification.

**Taurus (April 20-May 20)** You hate to be the one who throws the monkey wrench in somebody else's plans, but that could happen. If you can see that the scheme won't work, say something. Don't stay silent while the other person gets further into trouble.

**Gemini (May 21-June 21)** You could start with one objective and end up somewhere else. If you know you might have to take a roundabout route, you'll be less upset if that happens. Don't let this be your excuse to daydream, though. You still need to pay attention to where you're going.

**Cancer (June 22-July 22)** Don't let somebody else's sense of urgency get you into a financial predicament. Make sure the money's in your bank account before you spend anymore. Hold off on a new electronic gadget, too. You may find out that you don't need it.

**Leo (July 23-Aug. 22)** You have at least one wise, analytical person in your life, who's always trying to tell you what to do. Most of the time, this person is right on target. But, today, watch out. You'd be safer to follow your own hunch than the expert's.

**Virgo (Aug. 23-Sept. 22)** Be available for consultation and support if another's plans go awry. You don't have to solve the problem, although you might, accidentally. You'll be most useful by staying objective. That will be hard enough.

**Libra (Sept. 23-Oct 22)** This is not a good day to take care of personal business at work. The odds of getting caught are too high. Play it safe and jot down notes for later. Even that will be distracting, but at least you'll meet the deadline.

**Scorpio (Oct. 23-Nov. 21)** You're under pressure at work, and home's not all that tranquil, either. If you can keep your head when all those around you are losing theirs, it just means you're better at hiding out. Not a bad idea, actually.

**Sagittarius (Nov. 22-Dec. 21)** Today you're lucky in love and very smart. That will help you solve the problems that come up. Don't worry, even if they seem plentiful. Simple things take longer than expected, too. Give yourself plenty of time.

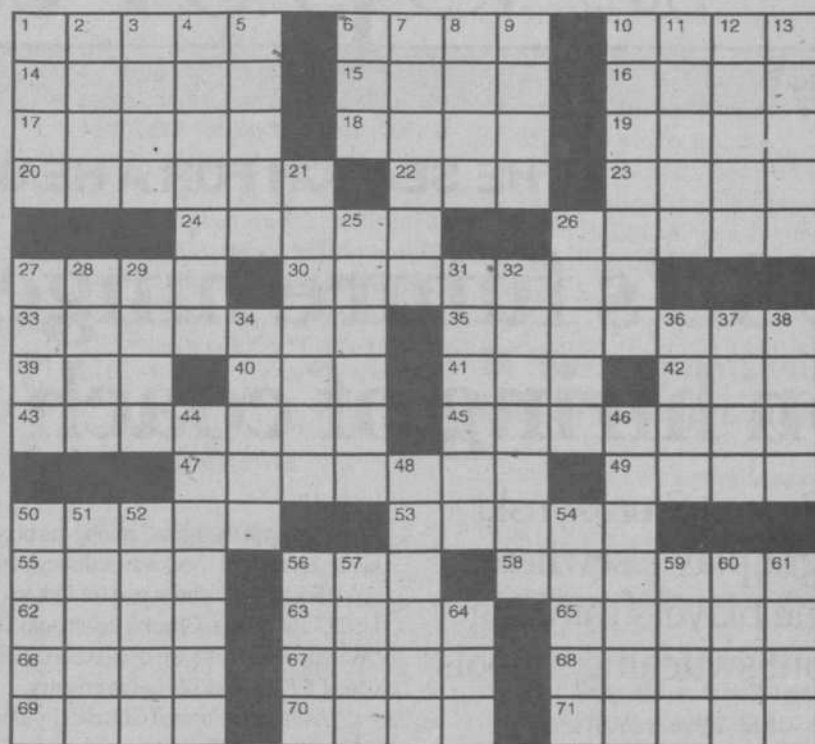

**Capricorn (Dec. 22-Jan. 19)** Your best-laid plans are likely to go awry. Be watching so you can make modifications. An overconfident person could be in for an unpleasant surprise. That's unlikely to happen to you since you're usually more of a pessimist.

**Aquarius (Jan. 20-Feb. 18)** Admit it, sometimes you say outrageous things just to keep others on their toes. But something you think is outrageously funny could backfire today. It won't be such a hoot if the joke's on you! Don't underestimate your adversary's intelligence.

**Pisces (Feb. 19-March 20)** Something you saw in a dream almost works, but not quite. The correction you add when you're wide awake puts everything into balance. It may take a while to see what's needed. Be patient. It'll come to you.
