HOROSCOPES

Aries (March 21-April 19) Don't bother trying to get an early start. You're more likely to run into problems. Wait until tomorrow to start a new project, and your chances of success improve. If you're stuck today, don't whine. Do more planning, instead.

Taurus (April 20-May 20) Hold off on an expenditure. It may not be required. You'd rather keep your money in the bank, and that may be possible. An item you were going to buy for cash may become available for trade. Let people know what you want.

Gemini (May 21-June 21) A friend, possibly your mate, will encounter problems. The frustration could rub off on you if you're not careful. Provide comfort and counseling for somebody who needs it, but don't take on a problem you can't solve.

Cancer (June 22-July 22) A long-distance connection may be garbled at first, but don't give up hope. Try again later. Figuring out what an older person wants will also be easier later. The problem isn't yours, so don't act like it is. Be patient.

Leo (July 23-Aug. 22) You want to give your loved ones everything they want. Don't feel bad if you can't and don't make promises today that you can't keep. Wait until you know how you're going to do it. Keeping promises you make tomorrow will be easier.

Virgo (Aug. 23-Sept. 22) You and your roommate come up with all sorts of decorating ideas. Don't start now, however. Tomorrow will be better for taking on new household projects. Meanwhile, relax.

Libra (Sept. 23-Oct 22) The creative process doesn't always go smoothly, as you know. Something that seemed like a great idea is apt to fall flat. Do a rough draft first. Make your mistakes in muslin, so you know what you're doing when you cut into the silk.

Scorpio (Oct. 23-Nov. 21) Building what you want, instead of buying it, could be the answer. The project could bring you and a loved one closer together. That's more important than the money you'd save. Do the planning tonight so you can get into it this weekend.

Sagittarius (Nov. 22-Dec. 21) Sometimes, when you're uncomfortable, you think about running away. You may have those thoughts now. Truth is, a change will be a lot better. You're the one who gets to make it, but don't despair. It'll be easy after you pass the resistance.

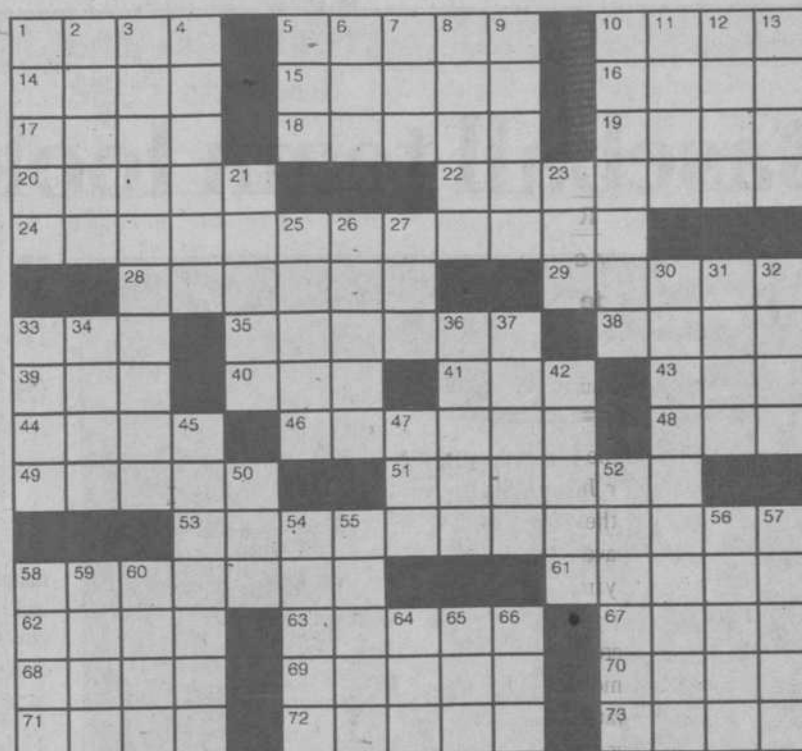

Capricorn (Dec. 22-Jan. 19) Your thoughts may be troubled by recent developments or something you've just learned. Don't get too riled up. You may have incomplete information. Wait to find out more. Be patient. Things may fall into place all by themselves.

Aquarius (Jan. 20-Feb. 18) A goofy friend's outrageous scheme is out of line. Don't go along with it, just to be nice. Don't let a smooth-talking salesperson into your pockets, either. Stall. Differentiating the good deal from the bad one will be easier tomorrow.

Pisces (Feb. 19-March 20) Hold off on telling the boss exactly what you think. That's not a good idea. Besides, what you think may change by Monday. Or, maybe you'll find a better job by then. Either way, discretion now is strongly advised.
