## HOROSCOPES

**TODAY'S BIRTHDAY (AUG. 31).** You'll put in so many hours at work this year, you'll barely have time for anything else. But once you get your career established, you'll have it made! You'll have time for romance and other fun and games after you have your routine down pat. Keep practicing and putting in corrections.

**CANCER (JUNE 22-JULY 22) —** Today is a 5 — thinking about fixing up your place? Can't afford to do what you really want? Keep shopping. You'll find the perfect thing sooner than you expect.

**LEO (JULY 23-AUG. 22) —** Today is a 6 — you may be ready to collapse in a heap. Thank God it's Friday, right? If you've planned well, by now you have a person nearby who can take over. If not, make it your top priority.

**VIRGO (AUG. 23-SEPT. 22) —** Today is a 5 — you have your nose to the grindstone. You're so intent on doing the job, you can't see anything else. When it's necessary, you can get more done in less time than anyone else can. Hunker down and prove it.

**LIBRA (SEPT. 23-OCT 22) —** Today is an 8 — look around for something that must go out in today's mail, and send it. Then find a dear person who deserves a compliment, and make sure she gets it. Your assignment is to be the bearer of good news. You're perfect for the job!

**SCORPIO (OCT. 23-NOV. 21) —** Today is a 7 — how will you ever carry out all your plans?

**them to memory.** Just keep practicing. Are you the teacher or the student? A little of both is perfect for you.

**You have energy and talent,** but is that enough? No. You need friends, family, a good strategy and faith. You need to stick up for yourself and your family.

**SAGITTARIUS (NOV. 22-DEC. 21) —** Today is a 7 — sure, you're under pressure. What else is new? Get used to it! You're getting smarter, too; you can tell by the caliber of people you hang out with. You're starting to be surrounded by a bunch of geniuses. Keep studying — you'll fit right in.

**CAPRICORN (DEC. 22-JAN. 19) —** Today is a 7 — do you deserve more money for doing the same amount of work? You've put in enough unpaid overtime to justify anything you can get. The older you get, the more valuable you become.

**AQUARIUS (JAN. 20-FEB. 18) —** Today is a 7 — get your friends to help with something you care about, and make it happen. Don't wait for someone else to do it for you. Make plans for an outing this weekend. Visit a place that inspires your imagination.

**PISCES (FEB. 19-MARCH 20) —** Today is a 6 — it's hard to keep up with your work when you're lost in thought. Don't push yourself too hard. Get home as soon as possible so you can let your fantasies run wild in a safe place.
