TODAY'S BIRTHDAY (Oct. 19): Are you considered a person of great wisdom? If not, you will be by the time this year is through. You have a compulsion to ask probing questions, and you won't give up until you get the truth. This newfound pit-bull quality, plus your old Mr. Nice Guy/Mrs. Nice Gal skills, will put you into the major leagues of sagaciousness. Don't let it go to your head.

ARIES (March 21-April 19): Look for mistakes, even ones you didn't make. Your partner could make a big one. If you can keep it from happening, vou'll have a friend for life. Celebrate at your favorite foreign restaurant. TAURUS (April 20-May 20): You've had an interesting week. If you're not up for going out dancing tonight, don't feel guilty. Just relax and count your blessings. You can also count the nice returns you're receiving on your investment. If you don't have any investments, make some. GEMINI (May 21-June 21): Don't spend your money to prove your love. You'll do much better if you put your feelings into words and offer those words as a gift. A person you

way about you, so expound. CANCER (June 22-July 22): Did all the work pile up on Friday? Or has a new project captured your interest? Regardless, you'll be in the mood to work tomorrow. LEO (July 23-Aug. 22): Whatever was bothering you yesterday is easily forgotten. Now, everything looks possible again, and it is. Don't brag about what you intend to accomplish. It's a waste of breath and energy, and it tips off the competition. VIRGO (Aug. 23-Sept. 22) -

valuable. Maybe you ought to find out what it is. SAGITTARIUS (Nov. 22-Dec. 21): You're so cute, popular and funny, you're the life of the party without even trying. Your humor is mixed with probing insights, of course. You could do social and political commentary for a living! But don't quit your day job just yet. You'll make more love than money on this gig. CAPRICORN (Dec. 22-Jan. 19): Pull back again for a little while. New information causes a change in plans. Secrets are being revealed. If you want to know, ask questions. If there's something you don't want everyone to know, clam up. AQUARIUS (Jan. 20-Feb. 18): Whatever it was you were worried about now seems distant. Everything seems possible again, and it is. PISCES (Feb. 19-March 20): An older person seems to have figured out how you should live your life. A little advice goes a long way, and this person could save you some money. questions about gender, sex and love, but it seems only to produce more questions. While Rocky

Horror dealt with these issues with shocking humor, Hedwig begins just as shocking and funny and ends even more shocking and thoughtprovoking. It's a Rocky Horror

for a new generation. Hedwig and the Angry Inch opens tonight at the Nickelodeon and plays through next week. Showtimes are 7 p.m. and 9 p.m., with 3 p.m. matinees on Saturday, Sunday and Wednesday.

Prepare yourself, Columbia, because, as the movie's first line says, "Ladies and gentlemen, Hedwig!

something you're trying to up for. Instead of being jealous, count your blessings and be really generous to someone who has less than you do. LIBRA (Sept. 23-Oct 22): If you've just jockeyed into better position, there still might be new things to learn. No problem. You're in an inquisitive mood. If you dig through the books, you'll discover all sorts of amazing things — which you'll use to become even more successful, of course.

SCORPIO (Oct. 23-Nov. 21): You know all that stuff you have

"Counting Blue Cars." The band will perform this and other songs from *Pet Your Friends* and its sophomore album *And You Think You Know What Life's About*, plus material to be released this spring. Tonight, Sundance Grill, 902 Gervais St., 11 p.m. \$5.
