HOROSCOPES

ARIES Don't make assumptions or take anything for granted. And call ahead to make sure vendors have what you want. It will help you avoid running all over town.

TAURUS Finish up paperwork you've already begun. The better organized you become, the happier you'll be, even if it's a struggle at first.

GEMINI If you have trouble deciding, look at the bottom line. What's going to be more expensive in the long run? Keep a nest egg.

CANCER They say the truth will set you free, and it's already making you stronger. If you face an old fear, it will disappear right before your eyes.

LEO Dreams are undergoing

revision, some for the better, some for the worse. Some will have to be discarded, but others will take their place. Keep the faith.

VIRGO There's too much uncertainty for you to be calm all the time. This is when a routine can sure help a lot. If that's disrupted, too, improvise.

LIBRA Don't spend too much time speculating about how things might be years from now. You might get a chance to improve your condition very soon. Focus on that.

SCORPIO Negotiations may be nerve-wracking, but don't let them see you sweat. Stay cool, and you may get a better deal than you thought possible.

SAGITTARIUS You're eager to

take action, but don't go running off without a plan. Reacting to somebody's critical comment is not a valid enough reason.

CAPRICORN When you're working toward a goal, it makes the job easier. When you're working for love, it's awesome.

AQUARIUS You may be having loads of fun making plans with a loved one, but it eventually leads to more work. Perhaps you can somehow delegate some of it.

PISCES You should almost have reached the point where you can rest for a while. Schedule a date for Thursday night to do just that.

Zwan

CONTINUED FROM PAGE 11

The album's real standout is the supporting vocals of Lenchantin.

Her voice is powerful and perfectly complements Corgan's. "Mary, Star of the Sea" is a solid first effort from an act with an undoubtedly bright future; it truly exemplifies the talents of all of Zwan's musicians.

For any rock fans who enjoyed even one of the Smashing Pumpkins' songs, Zwan is definitely worth checking out.
