two trophies. Some other veteran artists added to bulging trophy cases: bluesman B.B. King won two, for 13 in his career, while Johnny Cash won his 11th and Tony

Bennett his 10th — while soul legend Solomon Burke won his first. The disc "Vaughn Williams: A Sea Symphony" garnered three awards, including best classical album.

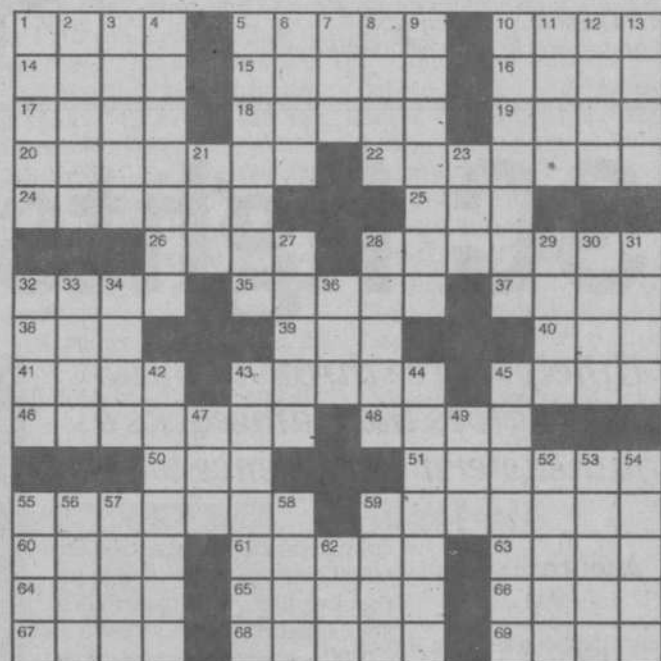

The show opened with Dustin Hoffman — one in a revolving series of New-York-based hosts — introducing a reunion performance by lifetime achievement award

winners Simon and Garfunkel. The pair, who sang "The Sound of Silence," have shared a tumultuous relationship; this was their first performance together in a decade.

Hoffman, before exiting, provided two gaffes. He mispronounced the Boss' name as "Springstreet," and introduced No Doubt by singing "Say Baby" — their hit is "Hey Baby."

HOROSCOPES

ARIES Take another shot at something that didn't work before. A barrier may have dissolved, or maybe you'll smash right through it.
TAURUS There are a few things you might buy for yourself that would be kind of fun. They'd be tax-deductible, too. What new, profitable skill would you like to learn?
GEMINI If you team up with a powerful person, you can make a major improvement. Add structure to the other person's passion.
CANCER Unexpected circumstances leave you with more than your share of the work, but not the pay. It's not fair! Don't complain. Your stock is rising.

LEO A new agreement between you and a loved one provides new motivation. Anything is possible if you're willing to do what's required.
VIRGO You're the one they call on when they don't know what to do. It's you they ask for when jobs need to be done. You're more popular than you may realize. They need you.
LIBRA You can advance your career by studying with an expert. And better yet, this won't cost you a cent. The expert you should choose wants you to win and loves you like family.
SCORPIO Dreaming of distant shores? Been a while since you've had a vacation? If you get a bonus or a windfall, put it

into your Tahiti account.
SAGITTARIUS You may not have much natural interest in accumulating wealth, but you sure do love abundance. It can easily be yours. Well, some study is required.
CAPRICORN Your worries and fears aren't pointless if they lead to new and constructive action. Dump a bad habit and move on.
AQUARIUS Your friends are anxious to begin, and they need your support. They don't know how to get to where they want to go. You do.
PISCES Don't just get frustrated and start destroying things. Part of what you've got is worth keeping. Go back to the drawing board.

CALENDAR
