

## PROFESSIONAL PHOTOGRAPHERS

Professional photographers will photograph each degree candidate as he/she is greeted by President Sorensen and dean. Complimentary photograph proofs will be sent to the degree candidate at his/her permanent address approximately 30 days after the commencement exercises. Additional photographs may be purchased upon receipt of the proof. No prior arrangements are necessary for this service; all degree candidates will be photographed during the ceremony. There is absolutely no obligation to purchase any photographs. Families and guests will not be permitted on the event floor during the ceremonies.

There will also be a professional photographer available to take still cap and gown photographs of the degree candidates with family members and guests on this special day. This photographer will be located on the Concourse level of the Colonial Center.

## SEAT NUMBER

Degree candidates participating in the Baccalaureate, Master's and Professional Commencement Exercises should obtain their seat number from VIP. Using any web browser on a computer with access to the Internet, degree candidates may access the Application for Degree or Certificate Information on the Academics tab of VIP. The Office of the University Registrar will post seat assignments for the degree candidates on VIP in early December. To access VIP, go to <http://vip.sc.edu> on the Internet. VIP is usually available around the clock, seven days a week. However, service interruptions may occur. Visually impaired degree candidates may have someone assist them with accessing VIP, or contact Disability Services at 803.777.6744.
