Horoscopes

ARIES It's OK to like someone without going along with all of their crazy schemes. Use your own judgment and just say "no" — or "later."
TAURUS Continue to inhibit yourself, even if it's the last thing you want to do. It'll save you a lot of grief. No quick movements.
GEMINI It's not a good day to travel, to send out requests or packages, or to run errands. Put it all off until tomorrow. Prepare.
CANCER You like to be careful with money. It's a game to see how much you can save. You do it even when you don't have to. Don't take any risks today.
LEO If you think an older person will kick up a fuss if

you propose anything more than minimal expenditures, you're right. Look at it as if the money you save will be yours.
VIRGO It's not a good day to travel, mail packages or even make phone calls. There are too many things that can go wrong. Hide out and make plans, if possible.
LIBRA The person who has your attention now is a charmer, no doubt about that. Don't offer to pay for everything, though. You aren't made of money, you know.
SCORPIO Your partner wants to race off and do something that you're not sure is right. Before you allow any major changes, hold off for a couple of days. Conditions will improve.

SAGITTARIUS Remember to finish your job before you get into anything else. That includes magazines, books and long telephone conversations.
CAPRICORN Don't bring up the subject of money with a person who's already nervous enough. If you're owed some, you can collect it later. Don't rub salt in a fresh wound.
AQUARIUS You're full of great ideas, but you need to be practical. How will you actually make them work? Ask for help.
PISCES Hopefully you've done your homework and are now ready to take action. It's important to be certain about what you're doing. Either way, be methodical.
