HOROSCOPES

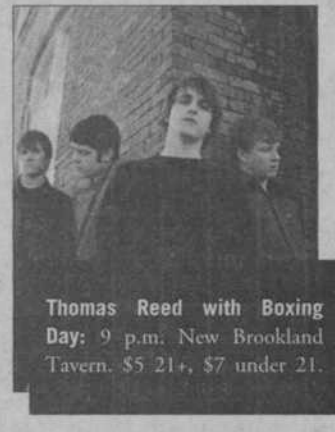

ARIES Others can give you the boost you need to get where you want to go. Ask for an introduction to someone who's already been there and done that.
TAURUS You're gathering points that you'll be able to redeem later for something you need. These aren't like coupons exactly; they're more like a good impression you're making.
GEMINI There's going to be a lot of work coming in the next few weeks. You may not have much time to play or investigate new boutiques, so you'd better make time for that now.
CANCER Go through your paperwork one more time, and see what you might find. Your own work and imagination transform death into plethora.
LEO You're pretty good at working out the details in advance. That's fine, but also be on the lookout for a great opportunity. Planning is good, but planning plus passion is better.
VIRGO Your own efforts are making the transformation that you've envisioned come true. Isn't it satisfying to do something where you can see results? Keep at it; you're not finished yet.
LIBRA Fantasies are wonderful, and you're good at thinking them up. The challenge now is to figure out how to make one of them come true. You know which one, and if you don't, a person you love will remind you.
SCORPIO Your place will look magnificent, and nobody needs to know how much into debt you didn't go or how much you didn't spend. Keep that part your little secret.
SAGITTARIUS The more you learn, the more you realize you didn't know. And that's odd because, of course, you knew an awful lot. And yet it's rather exhilarating, isn't it?
CAPRICORN Money seems to be coming your way, and some is from a secret source. You don't have to tell where you get it all; just keep track of it once it's here.
AQUARIUS Make decisions this morning about your future, with long-term goals in mind. State your intentions in writing so you can look back on them.
PISCES Following through on promises makes a great impression. People you don't even know will be saying nice things behind your back. So keep checking things off your lists.
