HOROSCOPES

ARIES The next few days may be rather stressful, as you attempt to find a compromise between where you are and where you want to be. This is a good thing. It's motivational. Don't complain.

TAURUS The first thing you realize is that you're already behind schedule. Don't let somebody else's rush situation mess with your equilibrium. Help out, but don't join in the panic.

GEMINI Don't let enthusiastic friends distract you from important work. Although you'd much rather run and play, that could prove to be expensive. First things first.

CANCER Remind a person who's in a panic that you have a structure in place to deal with this sort of situation. It will work well.

LEO Temptation beckons, but you

may not be able to follow it far. You have lots of other responsibilities. Ask for a rain check on that.

VIRGO Figure out ways to build up your equity; it will come in handy the next time you're short of cash. Take care of what you have, and you can use it to generate more.

LIBRA Watch out for arguments. You're liable to be in a feisty mood. Usually you'd just go along, but now you'll probably put up a ruckus. That's most likely to happen if somebody wants to distract you from your work.

SCORPIO After a few relaxing days, you're now going into a hectic phase. There's lots to be done — and quickly. Luckily, you're rested up by now, right?

SAGITTARIUS Structure is important,

even for a vagabond like you. You'll see just how important it is if you break the rules today. That's not a good idea.

CAPRICORN You're figuring out a way to do a job that needs to be done. But now somebody else's opinions have to be taken into consideration. If it's not one thing, it's another.

AQUARIUS You're feeling rebellious, but if you're smart (and of course you are), you'll stifle. Sometimes it's better to keep your job than to show your utter contempt. If you really feel that way, get a new job first.

PISCES You'll find it easier to increase your income over the next few days. You won't have to take on any more work, but there might be more responsibility involved. No problem.
