HOROSCOPES

ARIES Have you had your estate appraised lately? Indications are good something you have is worth more than you think it is. Check it out.
TAURUS Your status is climbing as others realize the extent of your talents. You don't like to draw attention, but accept the compliments. You've earned them.
GEMINI Do you know how to keep quiet? Don't talk too much, even to friends, unless it's your intention to ruin the surprise that somebody else has cooked up.
CANCER A person who's solid as a rock has your best interests at heart. Rely on this person for counseling if you're feeling

wobbly.
LEO You need to set up your savings so your money works for you. Do the research. This is not a good time to gamble.
 VIRGO Don't take your partner's suggestions too seriously, but do listen. Otherwise, he or she could get into a snit and demand the less-viable option.
LIBRA It's OK to accept deferred payment for your products or services. Set up an account, but make sure you mention the interest fees for late payments. No need to take a loss.
SCORPIO Some say you shouldn't let emotions rule your life. You shouldn't ignore your sense of reasoning, but this time, you can. Reasons won't matter.

SAGITTARIUS Fixing up your own place is a most rewarding endeavor. Besides getting exactly what you want, you'll save a ton of money.
CAPRICORN Sure, there are closets yet to be cleaned out, and secrets as yet untold. Save some of that for after you get to know each other better. As for now, enjoy.
AQUARIUS It's OK to buy things that will last. In fact it's a good idea. You like modern styles, but a few classics are a wise investment.
PISCES The bond you share with your siblings makes you strong. Let them know how much you appreciate what they've done for you. It's a gift that keeps on giving.
