## HOROSCOPES

ARIES For the next several weeks, you'll be more compassionate, less adversarial. This is good, because there's a huge job to be done. You need all the help you can get.

TAURUS It might be hard to find the time for romance, but it's worth the effort. When you get the chance, dance.

GEMINI Having people over to your house isn't a bad idea, but cleaning it up before they get there could be a daunting prospect. Get a Virgo to help.

CANCER You might have to scramble to keep a promise. If you don't really know how to do it, find an author who does. Staying up all night reading will be well worth the effort.

LEO It would be pretty easy to

spend more money now than you've got. Don't create a conflict with a loved one by doing that. Leave the credit cards at home. VIRGO You're particularly good

with details for the next couple days. Take on a chore that requires concentration and accuracy. It'll be fun - almost. LIBRA You might feel under a bit of pressure to be as perfect as you can. Take extra time with the details and nobody will be disappointed.

SCORPIO The odds are good that you're doing too many things at the same time. Others might counsel you to slow down, but you don't have to listen. You work well under pressure.

SAGITTARIUS Although you'd run and responsibilities call. Don't simply ignore them. At least take a number and promise to call back. CAPRICORN Travel beckons, but

it's not a great idea to go. Complications are predicted. Wait until next week if you can. That goes for mailing things, too. AQUARIUS It's not a good time to

take risks with money, yours or anyone else's. Even a great offer from a friend is liable to backfire. Wait. PISCES You're glad to be

available during working hours, but it's up to you to set limits. Protect your own private time.
