HOROSCOPES

- ARIES** You're always quick, but right now your wit is amazing. Discuss that issue you've been reluctant to bring up.
- TAURUS** Money might have a tendency to burn a hole in your pocket. This time, however, you can afford a little self-indulgence.
- GEMINI** You're back in control of the situation, partially because conditions over which you have no control are in your favor again.
- CANCER** Dig around in your own closets and you're liable to find the very thing you need. Save yourself a trip to the store.
- LEO** Friends come to your rescue with a fabulous idea. Encourage them, and they'll help you succeed.
- VIRGO** Conditions are good today and Thursday for increasing your income. Do everything you can imagine to help that occur.
- LIBRA** Got a new project to launch? How about your world cruise? If you can't actually go, at least put the promise in writing.
- SCORPIO** You can stretch your resources further if you use what you already have. Don't insist on always buying new.
- SAGITTARIUS** Your luck's getting better, partially because of the input from a friend. You're not alone any more; you've got reinforcements on your side.
- CAPRICORN** Work demands your full attention through Friday, and then you'll have time for fun and games with family. Set it up.
- AQUARIUS** This is your lucky day. Proceed with your plans — full speed ahead. Projects launched now turn out better than expected.
- PISCES** Your home and family have always been important. Now they're even more valuable, in more ways than one.
