## HOROSCOPES

**ARIES** The more you push, the more likely you are to break through to the next level. Persistence and determination are required. Show them you can.  
**TAURUS** You can earn extra dividends by shopping carefully. Look at things differently to get more out of what you have.  
**GEMINI** You'll get farther following a person who's intent on breaking through. Let somebody else do the hard part.  
**CANCER** Just when you think you have it all figured out, life throws you a curve. Do the best you can and this will work to your advantage.  
**LEO** Don't even try to figure it out. That's likely to take you off course. Trust a hunch, your intuition and somebody you love.  
**VIRGO** Don't throw the treasures away with the trash. Dig through, to make sure you don't. If you toss out the thing you need, you'll hate yourself in the morning.  
**LIBRA** You're even smarter than usual, so ask the really tough questions. Then, watch. You might get the real answers through body language.  
**SCORPIO** Don't throw out any envelopes without checking for checks and cash. Odds are good you're in for a valuable surprise.  
**SAGITTARIUS** All of a sudden, you see things from another point of view. You're not losing your mind — you're broadening your perspective.  
**CAPRICORN** An amazing development resolves an issue you'd just about given up on. Don't bask in your glory; take control while you can.  
**AQUARIUS** You set the objectives and the budget. Let the others brainstorm everything else. You'll be amazed.  
**PISCES** Keep pushing. You'll find a sometimes intimidating figure has just been waiting for you to speak up. It'll be a good thing.

### 'PRIDE' • CONTINUED FROM 8

did drive Mr. Bingley away from Jane. Mr. Darcy also admits he has immense feelings for

Elizabeth. Elizabeth denies Mr. Darcy, largely because she thinks he is too proud and is the cause of her sister Jane's unhappiness.

Through events involving Elizabeth's younger sister Lydia, Elizabeth realizes she might have acted impulsively and callously towards Mr. Darcy. Elizabeth decides she must try to win back Mr. Darcy's affections and figure out if she can reunite Jane and Mr. Bingley.

The ending is just as it should be and follows the book as

accurately as a two-hour film will allow.

Compared to the five-hour 1995 British mini-series, the new "Pride and Prejudice" presents the quirky Bennet family in a much more pleasurable and shorter feature-length film. This new version chooses to highlight the best scenes of the book instead of following every single minute detail, and viewers will be grateful for the reduced length.

While there are minor deletions from the book's plot, the film stays true to the essence of the novel and exhibits Mr. Darcy's supposed pride and Elizabeth's impulsive prejudices in all their color and vivacity. The romance is powerful and evident without losing the

audience in overdoses of Austen-esque diction.

Keira Knightley gives a convincing portrayal of Elizabeth. She is just bubbly enough, still maintaining Elizabeth's vital intelligence, and her countenance displays her independence and likeability. This is Knightley's best performance yet.

Matthew MacFadyen personifies Mr. Darcy, who has to be unassuming and stuffy but ultimately endearing. MacFadyen pulls off the role with charm to spare. While Colin Firth mastered Mr. Darcy in the 1995 mini-series, MacFadyen matches Firth's performance, making it difficult to choose the better Darcy. Female viewers will find

MacFadyen's piercing eyes and shaggy dark hair unforgettable and will leave the theater wanting to find their own Mr. Darcy.

The beautiful setting of rural England, the authentic-looking clothing and the elaborately-adorned houses add to the film's appeal. Audiences feel as if they are in 1797, not looking back across two centuries. For fans of Austen, "Pride and Prejudice" is a must-see film. Minus stiff language and elongated scenes, the movie brings the novel to those foreign to Austen's mystique so that they, too, can appreciate and enjoy the story in a whole new way.
