HOROSCOPES

ARIES There's something in your home or nearby you could convert into cash. Look around, and find out how much it's worth before you sell it.
TAURUS Others don't yet realize how proficient you're becoming. You'll soon have figured out a way to escape an oppressor.
GEMINI You have valuables stashed away that you may have forgotten all about. It's time to clean out those closets, and under the couch cushions.
CANCER You're curious, but sometimes shy. That's why it's so important for you to accept encourage-

ment from a trusted friend.
LEO Your actions had better match your words. People are going to notice if you're talking the talk but not walking the walk.
VIRGO You should be able to get away earlier than usual; accept assistance. Don't try to do everything all by yourself.
LIBRA You're naturally more intellectual than intuitive. Today, however, you're most successful by following a hunch.
SCORPIO Somebody you know is anxious to get started. You're not in a rush. So have the other guy go on ahead and

hold you a place in line.
SAGGITARIUS Put in the extra work while you can, and pay off an old debt. You won't have more in your pocket but your head will sure feel better.
CAPRICORN Don't ignore a burr under your saddle blanket. Take care of the person who's complaining most, too.
AQUARIUS Your financial situation is, and has been, unstable. This is a very long-term condition. So make all you can when you can.
PISCES This is a lucky day for you, generally speaking. There's work to do tomorrow, though, so don't wear yourself out.

Are You Still Feeling Depressed?

Have you tried medication, but it just didn't help?

You may be eligible to participate in a clinical study researching an investigational medication for people with depression, who are not responding to treatment.

Eligible study participants may receive study-related: medical care, research medication, laboratory work, and evaluations, at no cost.

MUSIC • CONTINUED FROM 4

and both have different lyrics, but the melody is still gorgeous. It's such a good ballad that Steve Perry from Journey built a time machine out of a Delorian so that he could go back to the '70s and rethink his career.

So do yourself a favor and check out "Hedwig and the Angry Inch: Original Cast Recording." Even if you're not a fan of musical theater, these songs stand as masterpieces in their own. It's like Confucius used to say, "Plant your corn early, and you will prosper." Basically that means if you don't check out this CD, February will be dull and sad for you.
