HOROSCOPES

ARIES Keep your eyes and ears open for clues. There's a treasure buried nearby that can help you achieve security. Follow a hunch to find it.
TAURUS Surround yourself with people you can trust, and then relax. If you're not quite in that position yet, keep working on it.
GEMINI You provide stability by doing what you promised. Concentrate on improving efficiency. Find the groove and get in it.
CANCER Just about anything you try today will work. Even writing down your intentions now will help make them happen.

LEO A little extra work is required, but it'll really be fun. Make plans and get started — this is an ongoing project.
VIRGO Listen more than you talk to a person who has a lot to say. You'll get your turn to share your opinions in due time.
LIBRA It's amazing how tiring it can be to try a different tactic. Get as much rest as you can to keep your imagination active.
SCORPIO Planning and patience, together, are a combination for success. You have natural talents for both, so use them.

SAGITTARIUS Something you have stored away has increased in value by quite a lot. Don't sell until you're certain you know what it's really worth now.
CAPRICORN You're in demand, not only because you know a lot. You're also noted for your great sense of humor.
AQUARIUS Don't talk much about business except to a person who can help you improve your contacts and your revenue.
PISCES Make plans to travel with friends either now, or in November or January. Or, all of the above. Why not?
