HOROSCOPES

ARIES The trick is to avoid distractions. Learn to concentrate even when a lot of other things are going on.
TAURUS It's not a good time to gamble or take financial risks. Be careful shopping. Money slips through your fingers.
GEMINI You're very good under pressure now. It's easier to choose when there are fewer options. And you're quick. If you have to change your mind, you'll do it without even thinking.
CANCER A conversation with a detail-oriented person is quite stimulating. Let somebody with more expertise argue your

position, and take notes.
LEO Gather up what you've got coming to you, but don't brag about it. Don't go out and celebrate and spend it all on your friends, either. Pay bills.
VIRGO If you're going to point out the faults in somebody else's plan, have one of your own ready. Don't just be an instigator; be an expediter.
LIBRA Attempts to expand your territory now are met with frustration. Do a good job with what you have and let it go at that.
SCORPIO Your savings are in danger. Better check on your investments. Don't go shopping the sales with

your credit cards, either.
SAGITTARIUS Conditions are unstable now, although you are still lucky. It's wisdom born of experience that gets you over the top, though.
CAPRICORN Yes, there is something urgent. Do you have to do it yourself? It may be cheaper, in this case, to hire an expert.
AQUARIUS A child (or somebody who's acting like one) will throw a fit to get what he wants. Don't fall for it. Tough love builds character.
PISCES Things are moving quickly. There is an indication of accident or breakage concerning home or children. Take care.
