# GREENVILLE'S GREAT FESTIVAL OF MUSIC

## A MOST MAGNIFICENT CHORUS

### Of Nearly Two Hundred Voices Has Been Training for Eight Months Under the Direction of Mr. Barnes, of the Greenville Female College.

As the time draws near for Greenville's May Music Festival, interest grows apace, and it is safe to predict that one of the largest crowds ever assembled in Greenville will be in attendence. The festival will be held on Wednesday, Thursday and Friday, May 15th, 16th, and 17th, respectively, and already people from adjoining towns and counties are making arrangements to attend this great affair. Many of them have already signified their intention of taking advantage of the splendid opportunity presented to hear some really great artists sing.

Reports are constantly coming in, and while the ticket sale has been on for only a short time, still the results obtained have been such as to inspire those who have initiated this very worthy institution. The people of Greenville have but to lend their aid and support to the festival and its corps of managers and directors, and success will be assured on this, the debut of Greenville in this kind of work.

The various committees in charge of the work have been busy during the past few weeks, while the chorus has been busily engaged in earnest rehearsals—enthusiasm, utter determination, and zeal marking the work of the chorus. Professor Barnes, of Greenville Female College, will direct this all-important body, and he has been tireless in his efforts to drill the many good voices in this city into complete unison with one another. Rehearsals have been the order for two and three times a week for some time, and all have seemed to realize that efficiency is only obtained by practice. It is a well known fact that there are as good and as many voices in Greenville as in any city in this section, and it is also conceded that when Greenville people take hold of a proposition they usually carry it through.

The festival will be held under the auspices of the Musical Art Society, and in all, there will be five concerts, embracing three evening and two afternoon concerts. With artists whose reputations go unchallonged, with a superb chorus of one hundred and fifty voices with a splendidly equipped orchestra—and with the numbers and ensembles to be rendered, the people who attend this great musical treat may rest assured that such an opportunity is seldom offered. The people of Greenville themselves are enthused,, for many seem to ralize that culture and refinement go hand in hand, and that musical culture is the culture of the soul.

As to the artists, little need be said. Their names, their reputations, their records bespeak all praise for them. Such shining lights as Richard Schliewen, violin soloist; Sig. Romeo Gorno, pianist, George Rogovoy, violincellist to the Russian ruler and the greatest in America today; Alfred Schel, pianist; Miss Mary Porter Mitchell, contralto; Beatrice Fine, soprano; Cecil James and Edmund A. Jahn will be there to entertain their hearers, to properly interpret music for them; added to these great artists will be the Atlanta Festival Orchestra, with the assistance of the Cincinnati Symphony Orchestra; the Famous Schlewen Quartette, and the local chorus of 200 voices.

Prof. H. W. Barnes, of the Greenville Female College, will direct. Mr. Walter Brown, bassi, and Mr. Geo. Schaeffer, pianist, of the Greenville Female College, together with Mr. John H. Williams, organist, are some of the Greenville artists who will take a very prominent part. The committee on railroads has made application to all of the lines running to the city for special rates to Greenville for the event, and it is safe to say that the low rates will be granted.

The trustees are as follows: L. O. Patterson, W. G. Sirrine, J. A. McCullough, E. C. James, H. W. Barnes, J. H. Williams, C M. McGee, treasurer;; and Allen J. Graham secretary. As will be seen, this committee of trustees embraces some of the city's ablest and most prominent citizens, whose success individually spells success for the festival.

Grand Opera House, which furnishes a good musical auditorium, and season tickets, good for five concerts, have already been placed on sale at the store room of John H. Williams. The price, $5 for the five concerts, is considered very moderate, and doubtless the sale will be a speedy one. The price of a single ticket for the evening concert is $1.50, while for the afternoon the price is $1. The plan of buying a ticket good for five concerts seems to be gaining favor, and it is urged upon all who contemplate taking advantage of the reduction in price for complete tickets, that they make the purchase at once.

Call on W. H. Chastain, R. F. D. 3, 5 miles North of Pickens, if in need of building lumber, oak or pine. All orders will receive prompt attention.

For sale—126 acre farm four miles west of Easley, three good houses and all necessary outbuildings, etc., 75 acres in cultivation balance in timber. Price $15 per acre. Terms to suit.

Applicants for scholarships should write to President Johnson before the examination for Scholarship examination blanks.

Scholarships are worth $100 and free tuition. The next session wili open September 18, 1907. For further information and catalogue, address

Pres. D. B. Johnson, Rock Hill, S. C.

### First Vote of the Filipinos.

Harper's Weekly.

On July 30th next all males in the Phillipinne Islands not under 23 years of age and not citizens or subject to any foreign power will be permitted to vote fo members of the Philipine assembly and for provincial governors, a third member of the provincial board, municipal presidents and vice-presidents, and municipal counselors. This will be the first step toward Filipino self-government. The first assembly will convene early in October of this year. Secretary Taft will be present this year at the meeting of the assembly.

American citizens coming within the requirements will be permitted to vote, for American citizens are not considered subject to foreign power. The first Philipine assembly will consist of eighty-four member, apportioned on a basis of one delegate to 90,000 of the population, Provisi n is made to increase this numbe, but the total number of delegates cannot exceed 100. All acts of the assembly must secure the approval of the commission before they become laws.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and, in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason *why* it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed *free* to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.
