We give space to "Dreamer" this week; this article reached us too late for the last issue, but it is as good now as it would have been then. In an addenda she says that circumstances will force her to lay down her facile pen. We hope that "Dreamer" will reconsider and continue to send in such stuff as suits her to write, and as often as it suits her—for we cannot afford to give her up. If we ever needed her help, assistance and good work and words, we need it now. Dear "Dreamer," for the good you can do with your pen to your fellow-creatures, please continue sending us your articles.
