

Catechee

As this section was visited by a nice rain on last night (Sunday), and as everything of a green nature has assumed a different appearance, your correspondent has kindly taken on new life, too, and decided to pen you a few thoughts.

The health of this little town is as it always is—good. We have never had a person killed in this town consequently we have never started a graveyard yet.

If the country people don't continue to help Dr. Woodruff out it really looks like he will have to go out of business.

A poor stand of cotton is the cry with the farmers now. The prospects for a cotton crop are certainly looking gloomy, tho' we have never known a time in this country but what there would be some cotton made if the farmer did his part.

If there is not so very much made the price will be higher, consequently the farmer is not hurt so bad after all.

Times look pretty squally some times and now is one of them, but let everybody back their ears, open their eyes and get right down to brass tacks. God will never let a working man perish to death or a Christian go to hell.

If times are tight work all the harder and manage the better. If the devil tempts you pray more and live a better life.

We are no radical but believe in high tariff when it comes in both the kitchen and the big house too. When a "quarter-sack" of flour is worth from ninety cents to one dollar and "fat-back" from twelve to fifteen cents a pound, I say, give a man more for his work. Every thing is higher now but labor. Hands that made from \$1.50 to \$1.75 a day in a cotton mill four years ago are making from 90c. to \$1.25 per day. The mill men claim they can't give any more on account of the discrepancy in price between the raw material and the goods and we take it for granted that they can't. However, the sore needs salve from somebody or other.

Mr. J. H. Whitmire and family, of Salem, Oconee County, had a family reunion on last Saturday. There were a goodly number of his children grand children and friends present.

Two of his sons, E. M. & A. W. Whitmire, of Indianapolis, Ind., and other son, B. W. Whitmire, of Belton, S. C., and his daughter, Miss Florence Whitmire, of Norris, were present. Mr. Whitmire is in his 63 year and we hope he may live to see several more frosts.

Mr. Barnett Whitmire and daughter, Miss Lillie, of Easley, visited at Mrs. A. B. Williams, of Norris last week.

The writer drove seven miles to attend a Union meeting on last Sunday and when we reached the place there was nothing but a Sunday School. If we knew who to bring action against we would sue for damage for we had done figured out all about how we expected to cut cake, pull chicken bones, &c., when we reached the spot and found out there were no trunks, boxes, baskets &c., on the ground we got angry and began to make up demerits against Revs. Walker, Fuller and all the other brethren that brought about such state of affairs at Mt. Tabor below Central, S. C.

I tell you brethren I believe you all committed a sin by causing so many people to drive so far and then having to return home hungry. The writer likes always having both eyes wide open and trying to see everything that goes on noticed a yard full of frying chickens when he passed the residence of Mr. Sam Neal on our way to church, and found out the disappointment we made our way up near the pulpit where Bro. Neal was engaged in the Sunday school work and at the first

opportunity we like a candidate had him by the hand and of course we got an invitation to his domicile before we turned his hand loose. Well life is too short and time is too precious to tell the rest but suffice to say that while we could not fill Bro. Walker's place in the pulpit we did ample justice to his place at Bro. Neal's table.

We are sincerely sorry Bro. Walker disappointed so many on the account of the Gospel but when we hear of another Union meeting we are going whether Bro. Walker goes or not.

Look out, girls, Jim Whiten, of Norris, now drives the finest horse and buggy in Pickens county. It is a \$500 turn out.

The old bachelor of Catechee is not "in it" now at all so far as hauling the girls is concerned. He has taken down his sign and handed it over to the old bachelor of Norris.

When it comes to marrying other people the old bachelor of Catechee wants it understood that he is still in the business to grind and one dollar pays the "toll."

The splendid work of Chamberlain's Stomach and Liver Tablets is all coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion, sold by all dealers.

Notes From Liberty.

Liberty, S. C., May 31st, 1910. Wheat will soon be ripe. Old "Bob White" can be heard all about the wheat fields.

Strawberries are all gone but the dewberries are getting ripe along the terraces, and the raspberries, around the garden are having the special attention of the small boy and the cat birds, and it takes pretty close calculation to get a divide sufficient for a pie. May apples are ripe, also.

Speaking of ripe peaches, we had 'em at Liberty the 24th and they have been for sale every day since. A notable fact is the fruit is clear of worms and of fine quality from the start this year and plenty on the trees.

As to the cotton: Some farmers have some where they planted a second time, while there are others who did have good stands that have very bad ones now, and what little they have is in a mat of young crab grass.

It is very quiet times in the city now as the farmers are attending to their business in their crops. The Liberty High School closed the 27th with essays by the graduating class consisting of two boys and seven girls. Owing to measles breaking out in the school the usual entertainment was not given as was first intended.

May is marching out with the genuine March colors flying, as we are having a howling north-west wind making things hum, and cool enough to wear a coat and be comfortable.

There was a considerable delegation took advantage of the excursion the other day and paid a visit to Atlanta. They report a great trip.

What about it? Cotton thinning is just getting under way and harvest right now on; busy will not half express the situation around the farm until after harvest is over and the pea crop is sown.

Sow peas, and sow peas, and plant peas for seed; do not depend on some other fellow for roughness as has been the case this year. The farmers have had to make their biggest bills this year for corn and hay, and these things ought not to be so.

There has been more fodder stolen in this section this year than we have ever known before and yet there is a little more room on the e. g. C.

Dear old Sentinel-Journal: After so long a time I will send the news from this section. Health of the community is very good at present.

The farmers have been getting along fine with their crops. The grain crops are looking well, and, we think, will make abundant yields.

The most I can do is to tell about the coming and going of our people, a sort of personal, or social column:

Mr. and Mrs. Ben Holliday, of Six Mile were recent visitors in the Pleasant Hill section.

Mr. and Mrs. Alonzo Satterfield visited the family of his brother, Frank Satterfield, recently.

Perry Smith and wife, of Six Mile visited at the home of Ed Smith at Catechee.

Jesse Gillespie has been on a visit to Alonzo Satterfield.

Mrs. Effie Smith and children have been on a visit to her sister, Mrs. Jas. Harrison.

Warren Smith and wife, of Easley, passed through here in their automobile on their way to visit her parents, Mr. and Mrs. Noah Kennemore, of the Pleasant Hill section.

J. F. Smith and family have been on a visit to the family of his brother-in-law, Walter Stephens.

Mr. Julius Merck and sister, Miss Julia, of the Six Mile section, visited Miss Bettie Merck.

Mr. L. S. Stone was a recent visitor in the Six mile section.

Mr. Alonzo Satterfield has returned from a recent visit to Central.

Mr. Lum Alexander was also a recent visitor to the thriving little city of Central.

Mr. and Mrs. M. A. Evans, of Six Mile, visited the latter's parents, Mr. and Mrs. Noah Kennemore, of the Pleasant Hill section.

Israel Merck and wife, of Six Mile has been on a visit to their son John Merck.

Miss Bettie Merck has been on a visit to Mrs. Charlie Evans.

Mrs. Violet Duckworth, of Greenville, has been on a visit to her daughter, Mrs. Ben Smith, of Six Mile.

B. P. Smith, jr., and little son Elmo, visited at the home of his brother-in-law, Mr. Bud Burgess, of the Praters section.

I learn that the measles are raging in the Six Mile section.

Wake up, old Bachelor! I love to read your articles. Remember, leap year is coming again soon. Hello, Mountain Sprout! Wake up and get busy—your items are always good.

Wonder what has become of all the correspondents. Wish all of them would send in the news. You can't expect the editor to print all the news unless he hears of it.

With best wishes to the editor, the Sentinel-Journal and many readers, I will close.
