Aid of the Federal courts was successfully invoked by the Law and Order League to enforce the prohibition law which the city, county and state authorities have not enforced in Memphis, Tenn. United States Judge McCall granted a temporary order against 114 saloons, pending a hearing, restraining them from serving intoxicating liquor. The governor, attorney general, with other officials, have refused to enforce the law in Memphis, and, therefore, the United States court took jurisdiction. The action, which was a total surprise to the saloons and the local optimists, was the culmination of a long and bitter fight to enforce prohibition in Memphis, the largest city in which it has ever been tried.

A class of 7,800 men, coming from seven states—Indiana, Ohio, Illinois, Missouri, West Virginia, Tennessee and Kentucky—were initiated into the Woodmen of the World at Louisville, Ky. The degree team from Dayton, Ohio, conducted the initiation.

Announcement has been made at Statesboro, N. C., that the Statesville Air Line Railroad company will build at once a new line of road from Statesville to Yadkinville, the county seat of Yadkin county, a distance of 25 miles. The road will be erected by convict labor. The proposed road will run through a rich section of the country.

A jury in a Birmingham, Ala., court awarded Mrs. Rose Drummond \$500 damages from E. J. Goldsmith. The allegation was that the defendant had tried to kiss her.

John Carleton, his wife, Nellie Carleton, and their son, Rupert, tried for the murder, last December, of Arthur Howard, were convicted at Blountsville, Tenn., of murder in the second degree and each sentenced to fifteen years in prison.

The mountaineer friends of John Moore, under sentence to be electrocuted for the murder of Frank Howl, descended upon the jail at Lexington, Va., stormed the building and rescued the prisoner. It is supposed he will be taken to the mountains and liberated.

Following a heavy rain storm the entire Panhandle and plains section of Texas got its first taste of winter. In Amarillo snow fell all day, a fall estimated at two inches, breaking previous October records, covering a period of eighteen years. Reports from other portions of the Panhandle indicate that the precipitation has been much the same as in Amarillo.

An amicable adjustment of the differences on the Georgia railroad and the Atlanta joint terminal was reached according to the statement of E. P. Kelly, third vice president of the Brotherhood of Firemen and Engine-men. The negotiations have been in progress since September 14. A satisfactory termination of the matter was reached with a substantial wage increase and the adoption of a code of working rules pleasing to the men.

The Huntsville, Ala., city council adopted all of the Alabama prohibition laws as city ordinances, and will put the laws into effect. During the past nine months this city has been wide open and no attention had been paid to the state laws regulating the sale of liquors.

The jury in the case of Dr. W. J. McNaughton, charged with poisoning Fred Flanders with murderous intent last June, returned a verdict of guilty at Swainsboro, Ga. Judge Gilbert sentenced McNaughton to hang December 9. Flanders' wife was indicted jointly with McNaughton on the theory that she and the doctor conspired to kill her husband so they could marry each other and enjoy Flanders' property. The wife has not been tried, the case having been adjourned.

General.

Dr. Harvey H. Crippen, after a trial extending over five days, and thirty minutes deliberation by the jury, was found guilty of the murder of his wife, an American woman, known on the stage as Belle Elmore. Lord Chief Justice Alverstone, who presided at the trial, sentenced Crippen to be hanged on November 15.

Literary treasures of the late Samuel L. Clemens (Mark Twain) are to be sold at auction in Chicago, and among them will be many manuscripts and documents the contents of which have never been published. Mr. Clemens' home, "Stormfield," near Redding, Conn., is also to be sold.

David Bennett, a life work under at Wolfert, died, his country home, near Albany, N. Y. The interment took place at Montour Falls in Seneca county, where the former governor and ex-United States senator was born sixty-seven years ago.

The baseball championship of the world belongs to the Philadelphia club of the American league. Five games were played, and the eastern youngsters took four of them by out-batting, outfielding and outrushing the veteran Chicagoans. The players' share of the money amounts to \$79,071.93. Each Philadelphia is entitled in round numbers to \$2,062, and each Chicagoan to \$1,375. The total receipts for the series were \$173,950. The two clubs share \$38,755 apiece, while \$17,399 goes to the national commission. The total paid attendance was 123,219 persons.

Mrs. William G. Clark, a Cleveland, Ohio, matron, recently became the mother of her third set of triplets. The family Bible displays the fact that she also is the mother of four pairs of twins, and that she herself is the only sister of twenty brothers. Two pairs of twins and one set of triplets were born during Mrs. Clark's first marriage.

Edgar Allan Poe is at last in the hall of fame. Years of effort on the part of staunch supporters to get his name added to the list was rewarded by the announcement of Dr. John H. Macracken, the chairman of the senate of the New York university, that the author of "The Raven," with ten others, had been accorded this honor. The eleven names added are as follows: Harriet Beecher Stowe, 74 votes; Oliver Wendell Holmes and Edgar Allan Poe, 69 votes each; Roger Williams, 64; James Fenimore Cooper, 62; Phillips Brooks, 60; William Cullen Bryant, 59; Frances E. Willard, 56; Andrew Jackson, George Bancroft, 53 votes each, and John Lathrop Motley, 51.

The next attempt to cross the Atlantic in a balloon will probably be made on a westward course—the opposite from that attempted by Wellman. The expedition will be that of Joseph Brucker, formerly of Chicago. Brucker's dirigible, the Suchard, is approaching completion at Munich. The entire equipment will be shipped to the Canary islands at the end of the year, and the start westward is scheduled to be made from Tenerife next February.

Great Britain has proposed that all the powers recognize the republic of Portugal at the same time. Germany has replied approving the suggestion.

Representatives of five of the leading surety companies of the country held a meeting in New York City and decided to make a big for guaranteeing bills of lading on export cotton under the guarantee plan proposed before the recent conference of American and foreign bankers. The companies, if they secure this business, intend to have a working agreement whereby the five companies concerned will stand sponsor for a joint guarantee, backing up the individual endorsement of any one. A minimum rate of 5 cents per bale will be charged.

Washington.

Treasury officials are working out the postal savings bank plans steadily, but slowly, owing to a desire to safeguard against any defects in a scheme of such magnitude where more than 60,000 post-offices and perhaps 15,000,000 depositors may be affected. They base two figures on the work in other postal savings countries.

In a formal order issued the interstate commerce commission announced its intention to administer strictly section 14 of the long and short haul provision of the recently amended interstate commerce act. The order was the outgrowth of a hearing held by the commission two weeks ago on the matter of the application of interstate carriers generally for relief. There will be no change in the existing status or in the present rights of carriers until February 17, 1911.

Nashville, Tenn., has a population of 119,364 under the new census returns. The population in 1900 was 89,565, an increase of 33.3 per cent. Omaha, Neb., has 121,996 population now as against 102,554 in 1900.

Staggered by the enormous growth shown by the returns of the new census for a number of Western cities, Director Brand of the census bureau ordered an investigation. Cities specifically mentioned as being affected by the frauds are: Tacoma, Seattle and Aberdeen, Washington; Portland, Ore.; Minneapolis, Minn.; Boise, Idaho, and Fort Smith, Ark.

The Department of Agriculture has announced that it is prepared to supply the nine official grades of white cotton recently promulgated by the Secretary of Agriculture. The grades will be furnished for \$35 a set, the cost of their preparation, as required by law.

The United States Supreme court refused a rehearing in the Hertz-Woodman case and thus the Spanish-American war tax on inheritances from testators who died in the year immediately preceding July 1, 1902, becomes collectable.

Complete nomination papers for Eugene N. Foss as the Progressive Democratic nominee for governor were filed with the secretary of state of Massachusetts.

Willard Stephen Whitmore, inventor of the paper mache matrix process of stereotyping, used by nearly every newspaper in the country, and which invention he gained no material benefit, is dead at his home in Washington, D. C. At the time of his death Mr. Whitmore held a position as stereotyper in the government printing office.

RHEUMATISM

I want every chronic rheumatic to throw away all medicines, all liniments, all plasters, and give MUYON'S RHEUMATISM REMEDY a trial. No matter what your doctor may say, no matter how prejudiced you may be against all advertised remedies, go at once to your drug-gist and get a bottle of the RHEUMATISM REMEDY. It is safe to give satisfaction, I will refund your money. Remember this remedy contains no salicylate and no opium, cocaine, morphine or other harmful drugs. It is put up under the guarantee of the Pure Food and Drug Act. For sale by all druggists. Price, 25c.

NEED MONEY FOR GOOD WORK

Plans of the National Association for the Study and Prevention of Tuberculosis.

What "A Million for Tuberculosis" from Red Cross seals" will do in providing some of the 275,000 beds needed at once in the United States for consumptives, is explained in a recent bulletin of the National Association for the Study and Prevention of Tuberculosis. There is just about one bed for every ten indigent consumptives, and if all tuberculosis persons in the country are counted, both rich and poor, hardly one for every 25 or 30. If sufficient hospital accommodations are provided only for those who are too poor to pay the full price for their treatment fully 275,000 more beds in special institutions for tuberculosis will be needed at once. The immense outlay necessary to provide and maintain so many beds in hospitals, makes it imperative, the National Association for the Study and Prevention of Tuberculosis declares, that such institutions be erected from public money, either municipal, county or state. In order to get appropriations for public hospitals for tuberculosis, agitation is necessary, and in order to create a campaign of agitation, organization is demanded. But in order that an organization may carry on an effective campaign, funds are needed.

These funds it is proposed to secure in as many communities as possible from the sale of Red Cross seals.

The Spots Disappeared.

Mrs. Dolan lived in a district which was not as favorable for the outdoor household experiments recommended by the Ladies' Helper as it might have been. This fact Mrs. Dolan was rapidly assimilating, and in a manner not so uncommon as it might be she blamed the estimable periodical for her difficulties.

"I wish I had a holt of that woman that runs the 'Handy Hints' department," she remarked to her husband one morning after an early excursion into the back yard, whence she returned in high dudgeon.

"I thought you thought she was a grand woman," said Mr. Dolan, cautiously testing his cup of tea.

"Well, I've changed my mind, as I've the rights to do," replied his wife. "She said to put sody on thin stains in the tablecloth, and I've it out overnight on the line, an' they'd be gone entirely whin morning come. Sure 'tis the tablecloth that's gone—the de-saying woman that she is!"—Youth's Companion.

A Logical Landlord.

Many a tenant will sympathize with the man in this story, from the Philadelphia Record. He was renting a small house which the landlord had refused to repair. One day the owner came to see him.

"Jones," he said, "I shall have to raise your rent."

"What for?" asked Jones, anxiously.

"No," the landlord answered, "but I see you've painted the house and put in a new range and bathtub. That, of course, makes it worth more rent."

WISE WORDS.

A Physician on Food.

A physician, of Portland, Oregon, has views about food. He says:

"I have always believed that the duty of the physician does not cease with treating the sick, but that we owe it to humanity to teach them how to protect their health, especially by hygiene and dietetic laws.

"With such a feeling as to my duty I take great pleasure in saying to the public that in my own experience and also from personal observation I have found no food equal to Grape-Nuts, and that I find there is almost no limit to the great benefits this food will bring when used in all cases of sickness and convalescence.

"It is my experience that no physical condition forbids the use of Grape-Nuts. To persons in health there is nothing so nourishing and acceptable to the stomach, especially at breakfast, to start the machinery of the human system on the day's work.

"In cases of indigestion I know that a complete breakfast can be made of Grape-Nuts and cream and I think it is not advisable to overload the stomach at the morning meal. I also know the great value of Grape-Nuts when the stomach is too weak to digest other food.

"This is written after an experience of more than 29 years, treating all manner of chronic and acute diseases, and the letter is written voluntarily on my part without any request for it." Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

MEMPHIS BARS CLOSED

FEDERAL COURTS TEMPORARILY
STOP SALE OF LIQUOR IN
TENNESSEE CITY.

COURTS GRANTS INJUNCTION

Prohibitionists Allege State and Municipal Officers Refused to Enforce Law.

Memphis, Tenn.—Aid of the Federal courts was successfully invoked by the Law and Order League to enforce the prohibition law which the city, county and state authorities have not enforced in Memphis. United States Judge McCall granted a temporary order against 114 saloons, pending a hearing, restraining them from serving intoxicating liquor.

The Federal court took jurisdiction on the allegations of the petitioners that were deprived of the equal protection under the law guaranteed by the fourteenth amendment to the constitution. They allege that the state prohibition law is being enforced in other parts of the state, but the governor, attorney general and county attorney general, with other officials, have refused to enforce the law here, and, therefore, the United States court can take jurisdiction.

On the grounds that irreparable injury might be done the complainants if delay were permitted, Judge McCall granted the temporary injunction. The action, which was a total surprise to the saloons and the local optimists, was the culmination of a long and bitter fight to enforce prohibition in Memphis, the largest city in which it has ever been tried.

The state-wide law passed in the spring of 1909, and was supposed to go into effect on July 1 of that year. It was partially enforced for a time in Knoxville, but in Memphis, situated on the river and practically the metropolis of three states—Tennessee, Arkansas and Mississippi—there has never been any more serious effort to enforce prohibition than the presentation of evidence to the grand jury.

The city regularly failed to collect, and the city and county officials have acknowledged the impossibility of closing the saloons.

The Law and Order League has been making a campaign for law enforcement, and the present political campaign, which is now on in Tennessee, has prohibition again as its principal issue.

BEST BASEBALL BET.

Philadelphia American League Defeats Chicago National Team.

Chicago.—The baseball championship of the world belongs to the Philadelphia club of the American league. They clinched the big prize.

Five games were played, and the eastern youngsters took four of them by outbating, outfielding and outrushing the veteran Chicagoans. They "got the jump" at the start by winning the first three games, and although Chicago punctuated their progress with one defeat, it really didn't change the situation a bit.

While the series was not the most profitable ever played, it helps to simplify the high cost of living problem confronting even such heroes as the Philadelphians, to say nothing of the Chicagoans, with winter coming on. The players' share of the money amounts to \$79,071.93. Of this 60 per cent., or \$47,443.15, goes to the winners, and \$31,628.77 to the losers. As there are twenty-three players on each team eligible to participate, each of the Philadelphians is entitled in round numbers to \$2,062, and each Chicagoan to \$1,375.

The total receipts for the series were \$173,950. The two clubs share \$38,755 apiece, while \$17,399 goes to the national commission. The total paid attendance was 123,219 persons.

\$500 for Attempted Kiss.

Birmingham, Ala.—A jury in the city court awarded Mrs. Rose Drummond \$500 damages from E. J. Goldsmith. The allegation was that the defendant had tried to kiss her.

Three Sets of Triplets.

Cleveland, Ohio.—Too late for the census, but generally doing her share in Cleveland's remarkable growth, Mrs. William G. Clark, a Lake Side avenue matron, recently became the mother of her third set of triplets. The family Bible displays the fact that she also is the mother of four pairs of twins, and that she herself is the only sister of twenty brothers. Two pairs of twins and one set of triplets were born during Mrs. Clark's first marriage.

New Carolina Railroad.

Statesboro, N. C.—Announcement has been made here that the Statesville Air Line Railroad company will build at once a new line of road from Statesville to Yadkinville, the county seat of Yadkin county, a distance of 25 miles. The road will be erected by convict labor, arrangements having been made to transfer 50 convicts from the state prison to Statesville to begin the work of grading for the new line at once. The proposed road will run through a rich section of the country.

WHAT HE CONSIDERED FAIR

Mr. Olsen's Offer Must Have Come as Surprise Even to 'Persuasive' Claim Agent

Up in Minnesota Mr. Olsen had a cow killed by a railroad train. In due season the claim agent for the railroad called:

"We understand, of course, that the deceased was a very docile and valuable animal," said the claim agent in his most persuasive claim-agently manner, "and we sympathize with you and your family in your loss. But, Mr. Olsen, you must remember this: Your cow had no business being upon our tracks. Those tracks are our private property and when she invaded them she became a trespasser. Technically speaking, you, as her owner, became a trespasser also. But we have no desire to carry the issue into court, and possibly give you trouble. Now, then, what would you regard as a fair settlement between you and the railroad company?"

"Vall," said Mr. Olsen slowly, "Ay baen poor Swede farmer, but Ay shall give you two dollars."—Everybody's.

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Black Duck, Minn.—"About a year ago I wrote you that I was sick and could not do any of my housework. My sickness was called Retroflexion. When I would sit down I felt as if I could not get up. I took Lydia E. Pinkham's Vegetable Compound and did just as you told me and now I am perfectly cured, and have a big baby boy."

Mrs. ANNA ANDERSON, Box 10, Black Duck, Minn.

Consider This Advice.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.
