CANCER

Cancer is a health problem of middle life second only to heart disease. Here the most pressing need is a sharp reversal of our attitudes. Hopelessness must be replaced with hope; fear must be superseded with understanding; resignation must give way to prompt action.

Somehow it must be brought home to everyone of us that, taken in time, cancer can be cured! Two important facts about cancer determine its curability: it is always local at the beginning, and if the local cancer is completely removed before it spreads to other parts, it does not return.

None of us should forget for a moment the warning symptoms of cancer and take prompt action should they occur:

1. Progressive change in form or color of any wart, mole or birthmark.
2. Any sore that does not heal, especially around the mouth.
3. Persistent hoarseness lasting more than a few weeks.
4. Painless lump or thickening especially in the breast, lip or tongue.
5. Persistent indigestion.
6. Bloody discharge from the nipple or any body opening.
7. Radical change in normal bowel habits.

Instead of becoming panicky and being afraid of going to the doctor for fear of what he may find, if the signs are experienced, we should go to him promptly. Any of these things may mean other things than cancer, but if they do mean cancer, the sooner one receives medical treatment the more likely he is to survive.

The worse thing one can possibly do is try some home treatment for any of the warning signs shown above, or try some quack remedy. Either of these may appear to give temporary relief, but

if it is cancer, it will continue to spread to the point where it cannot be cured.

Clinton Woman's Club Has Meeting

The Clinton Mills Womans Club held their monthly meeting October 22 at the community building. Mrs. Sadie Power, president, called the meeting to order and Mrs. Helen King, secretary, called the roll. Mrs. Joe Land conducted the devotionals with Mrs. J. B. Templeton leading in prayer.

Guest speakers for the occasion were Mrs. Alice Barnes of Laurens who spoke on hooked rugs. Mrs. Alex Henry spoke on braid hooking, and both speakers had numerous rugs which they exhibited.

The Hobby Club also had a display of items they had made.

Hostesses for the evening were Mrs. Vera Smith, Mrs. Geneva Lowery, Mrs. Willie Norris and Mrs. Sadie Power.

Clinton Cubs Active During Fall Season

The Clinton Mills Cub Scout Pack has enjoyed a program of varied activities during the past month under the leadership of Dan Dunaway and Chuck Leatherwood. Many new members have joined the group recently.

The boys went on a five-mile cross country hike recently, with other outdoor activities planned for every week. Plans are underway to fix up a private meeting place. The pack now has grown to 30 boys.

All boys from 8 through 10 may contact Mr. Dunaway or Mr. Leatherwood if they would like to get in on this fun.

Patience: Being able to wait for the first coat of paint to dry before adding the second.

them up a good bit. Evelyn is back at work but Mrs. Ellis is still in bed. Hope she's soon better.

Albert Boyter spent a weekend in Augusta.

We've changed Second Hands. Mr. Hamrick left us for another shift and we were sorry to see him go. We welcome Jim Cauble as our new Second Hand and I know we will enjoy working for him.

We also want to welcome Mildred Johnson, Guy McElhannon, James Fuller, Ruth Cogdill, Ina McCarter and Garel Satterfield as new employees.

Sorry to report Mrs. Overstreet has been sick.

That's all for now. See you next month.

Clinton Blue Birds

Blue Birds of the Clinton Community have been very active recently. At their last meeting they met at the home of Mrs. L. C. Ficklin and a Halloween wiener roast was held.

Plans are underway for visits to Copeland dairy, the hosiery mill, library, a cold drink bottling plant and the telephone office. Many other interesting activities also are being planned for the girls during the year.

MARION and MIRIAM are the children of Mr. and Mrs. Miles Lawson and will be four years old December 5. Mr. and Mrs. Lawson work in Clinton Spooling.

CLINTON NEWS ITEMS

(Cont'd. from Page 5)
