

CLINTON MILLS PRESENTS OUR

A good formal education, tempered by practical experience and sound judgment, is a priceless and enduring possession. Seek it diligently. It will enrich your life and serve you well.

High school graduation is one of the milestones in a person's life which ranks in prominence alongside his birth, his first job and his marriage. It has been a long and tiring road which led to graduation but now that you have reached this pinnacle in your young life we feel sure you will face the future with unerring confidence. So as you leave high school and enter the college world, the business world, or assume the role of homemaker, it is with our congratulations and best wishes for your every endeavor of the future.

Proudly we present the pictures of graduates in our area whose parents or grandparents are Clinton Mills employees which were submitted in response to our solicitation in the May Clothmaker.
