Dixon Signs Grant With Virginia Tech

John Dixon, the 6-9 son of Clinton Mills Vice President of Engineering and Subsidiary Operations and Mrs. C. Bailey Dixon, has signed a basketball grant-in-aid to attend Virginia Tech (VPI) in Blacksburg, Va.

Dixon was recently signed to the basketball scholarship by VPI Coach Charles Moir, who said, "We think John has excellent potential to be a good major college player. He is a super athlete, individual, and an excellent student. He should fit into our program nicely."

"Dixon has good speed and quickness for a big man. He's competitive. With some hard work, we think he will develop into an excellent player. We don't think he's realized his potential yet."

Dixon is the fifth recruit signed this season by VPI. The tallest among the new recruits is 6-11 Steve Ratliff from Greensboro, N.C.

Coach Moir said, "We lost three front line players from last season, so we're glad to get some good big men among our

recruits."

Virginia Tech plays in the Metro Conference which has a regional television package similar to the one the ACC has. VPI played two games on national television last season. Several of VPI's games will be televised over Cable TV channels seen in Clinton.

John lettered in basketball three years at Episcopal High School in Alexandria, Va. In his senior season, Dixon averaged 17 points, 11 rebounds and four blocked shots per game as he led Episcopal to a 13-4 record. He was named All-Conference and was selected to play in the Capital Classic All Star Game.

Dixon selected Virginia Tech after being contacted by 87 major colleges and universities. He said, "I picked VPI because it has a good engineering program, a good basketball program, a beautiful campus, and I admire Coach Moir. I am happy to have the opportunity to play at VPI and I'm glad to have the decision settled."
