New Manager for Cotton Mills Store.

Mr. Walter P. Davis, who has been with McCardell & Allison Brothers for some years, has accepted the position of manager of the Lancaster Cotton Mills store, Mr. R. E. Craig, who has been manager for some time, having resigned. Mr. Davis will enter upon his new duties next Monday.

Why Chester Negroes "Shoot Up" their Color.

Chester county negroes assign most extraordinary reasons for using guns on one another. Some two or three Sundays ago a colored woman was shot and killed at Fort Lawn because, it is said, a song that she was singing did not suit her slayer. On last Sunday a negro named Eli Heyward shot another negro at Great Falls, giving as his reason therefor that the shot negro refused to dance in a manner to please him.

Death of a Child.

Lovic Pierce, the little son of Mr. and Mrs. E. B. Roddey, of this place, died last Tuesday night, of pneumonia, aged one year and twenty days. The remains were buried Wednesday afternoon in Westside cemetery, the Rev. R. E. Turnipseed conducting the funeral services. The bereaved young parents have the sympathy of their numerous friends in their sore affliction.

District Conference to Meet in Heath Springs next Week.

The Sumter District Conference, of which Dr. H. W. Bays is the presiding elder, will meet in Heath Springs next week, convening on Wednesday and continuing through the following Sunday. The sessions will be held in the Methodist church.—The ministers and lay delegates in attendance will be entertained at the hospitable homes of the citizens of the town.

Work of Watch Wheels.

Very few who carry a watch ever think of the unceasing labor it performs, and there are many who think a watch ought to run for years without cleaning or a drop of oil. Read this and judge for yourself: The main wheel in an ordinary American watch makes four revolutions in twenty four hours, or 1440 in a year. The center wheel makes twenty four revolutions in a day, or 8,760 in a year. The third wheel 192 in a day, or 59,080 in a year. The fifth or scape wheel 12,900 in a day, or 141,882,000 in a year. It is evident then that a watch, to do good service, should be cleaned and oiled once in 18 months, if not oftener. Clocks ditto. If yours needs cleaning or repairing in any way, bring it to my shop and get the work done right. My work is firstclass and my prices are reasonable. If you would like to know whether or not you need spectacles, I will examine your eyes without charge.

Respectfully,
 B. C. HOUGH.

Mrs. M. J. Perry's Brilliant Reception Complimentary to Mrs. W. D. Craig.

One of the most elaborate and brilliant social functions within the history of Lancaster was the reception given last Thursday afternoon by Mrs. M. J. Perry, at her lovely home on Chesterfield Avenue, in honor of Mr. William D. Craig's charming bride, formerly Miss Julia Simpson, of Rock Hill. The spacious hall and elegantly furnished rooms were beautifully and artistically decorated with rare potted plants and evergreens.—The color scheme was red and white, emblematic of the historic roses of Lancaster and York.

The strikingly handsome hostess was assisted in receiving her guests by Mesdames T. C. Green, T. M. Hughes and W. H. Witherspoon. The calling cards were received by pretty little Misses Helen Hughes and Mary Heath Jones. Another sweet little girl, Miss Pauline Marion, presented each guest, as she was leaving the punch bowl, with a souvenir, a gilded miniature good-luck horse shoe.

Dainty refreshments were served during the afternoon. Over one hundred fair guests were present, all of whom were handsomely gowned. In addition to the ladies of Lancaster, the following visitors from out of town attended the reception: Mrs. T. K. Christberg, Miss Nellie Reid, Mrs. W. R. Simpson, Miss Amelia Simpson, Miss Amelia Pride Beckham, Mrs. Neil Simpson and Miss Edna Hull, of Rock Hill; Miss May Lyles, of Chester.

Another Enterprise—Sixty-Thousand Dollar Oil Mill to be Established in Lancaster.

Lancaster is now assured of another important enterprise.—On Wednesday last steps were taken to establish a cotton oil mill here. The capital stock is to be \$60,000., divided into 600 shares of the par value of \$100. each. A majority of the stock was taken in a very short time. A commission of incorporation has been issued, the corporators being Messrs. John T. Stevens, Hasel Witherspoon, Chas. D. Jones and Marion Witherspoon. The organization will be perfected next week, and will be known
