

**GOOD FOR CHERAW.**

**B. Y. P. U. Convention Makes a Lasting Impression.**  
 Cheraw Special to Columbia State: The B. Y. P. U. convention, which met in Cheraw last week, has made a deep and lasting impression on this community. The devotional exercises, morning, afternoon and night, under the leadership of the Rev. W. D. Wakefield of Union, were characterized by exceptionally good singing and stirring talks. The Rev. A. J. Hall of Hartsville, E. P. Jones of Newberry and J. S. Sowers of Florence made inspiring addresses on various phases of Christian life and service. Arthur Flake of Baldwin, Miss., who had charge of the classes in the B. Y. P. U. manual, showed how the young people's meetings should be conducted in order to create and maintain enthusiasm, do effective work and get the most good out of the union. The banner for best attendance during the past year and largest percentage of membership taking the prescribed Bible courses of study, was won by the union of the Tabernacle church of Columbia. There were 105 delegates from all over the state in attendance. Rev. Dr. Burts of Columbia was selected president for the ensuing year.

**Mr. Payseur Writes of His Southern Trip.**

Editor News: I have plenty of time this beautiful Monday and my thoughts naturally are of Lancaster and the people that I love. Wife and myself left New Orleans about a week ago on this elegant ship, Parismina. We have a big passenger list, but no one from the South. Most of the people seem to be from the West and other parts of the world. Everything is gaiety, though one can find company to suit almost any taste, though eating, dancing and music seem to be most popular. Today we are off the eastern coast of Honduras in the Caribeansea, two thousand miles south of New Orleans. We had two days and nights of gales and rain and it was very rough. Nearly every one was sick for 36 hours.

The past day or two have been beautiful though rather hot. The sea is smooth as glass. We will reach Colon tomorrow and will spend about ten days there and at Panama viewing the big canal. Then we expect to go to Kingston, which is the capital city of Jamaica. Will spend some time there and will tell you how coffee plantations look when I get home.

We get all important news from the states, in fact from all the world's happenings. The bulletin boards have news items placed on them every hour or oftener. The news comes to the ship by wireless telegraph. You can telegraph to any part of the world from the ship any time, day or night.

Now if you think this is of sufficient interest, you can publish same, if not let it go in the basket. It is rather hard to write aboard ship as it rocks and twists about. Regards to The News readers.

L. C. PAYSEUR.

**Bible Conference in Atlanta.**

The Atlanta Bible Conference will convene in Atlanta, Ga., March 7th and close March 16th. Six services a day will be held in the Baptist Tabernacle of that city. The speakers who will be present throughout the conference, are Dr. G. Campbell Morgan, London; Dr. Len G. Broughton, London; Dr. James R. Gray, Chicago; Dr. John R. Sampey, Louisville; Dr. W. H. Wedderspoon, Washington, D. C.; Dr. James I. Vance, Nashville, Tenn.; Dr. Lacey Moffett, China; Dr. W. M. Morrison, Africa; Prof. W. C. Pierce, Chicago.

The conference secretary, Rev. John W. Ham, in speaking of the conference today, said: "Indications point to the largest out-of-town attendance that has ever marked the history of the conference during fifteen years. We are booking people from all parts of the United States and from all denominations. We have the strongest program ever offered. The railroads are co-operating with us in giving reduced rates."

**Dr. King's New Discovery.**  
 Soothes irritated throat and lungs, stops chronic and hacking cough, relieves tickling throat, tastes nice. Take no other; once used, always used. Buy it at Lancaster Pharmacy and Standard Drug Co.
