

WEEKLY BULLETIN BUREAU OF MARKETING

News to Publish "Wants" and "Offers" for
Benefit of Many Farmer Friends

Address all communications to
Hon. E. J. Watson, State Agricultural
Commissioner, Columbia, S. C.

The South Carolina State Bureau
of Marketing is now more rapidly
than ever increasing its sphere of
usefulness to individual citizens in
every nook and corner of the state,
and away from home the system em-
ployed in this state is attracting more
and more attention with each week.

During the week just ended Mr.
C. E. Carothers, Director of Farm-
ers Institutes of the Department
of Agriculture of Pennsylvania,
wrote asking for definite informa-
tion as to the method of organiza-
tion and operation of the South Car-
olina Bureau, and the following let-
ter under date of April 14 from him
speaks for itself:

"I have your communication of
the 12th in response to my letter
of the 5th, and thank you very much
for your exhaustive effort in ex-
plaining the organization of the
Marketing of Farm Products in your
state. I have heard from almost
every state in the union, and I am
frank to say that there is no system
in the United States that appeals to
me like yours, and assure you that
Pennsylvania will take great pride
in following this organization to a
large degree. While it seems
practically impossible to make any
improvements upon your present
plan, if, after our organization, we
find that there are any little things
that would be worthy of suggestion,
we shall be pleased to correspond
with you.

"Again thanking you for your
kind consideration of our efforts."

The Bureau continues to be in
receipt of constant encouragement
in its work. One of its patrons at
Ridge Spring writes this week "Your
last issue came very near selling all
of my pigs and am more than pleased
with the results, for which I thank
you. Keep the good work up for it
is getting better every week."

The bulletins of the Bureau are
being watched very closely away
from home also. From Hopewell,
Va., the new munition town there
comes a general call for hogs, the
inquirer wanting about 150 head,
and says he will buy a good many
more in the future if prices are
agreeable.

This week the Chamber of Com-
merce of Columbia asks the Bureau
to secure the address of parties in
the state who ship Irish and sweet
potatoes, and the Bureau would re-
quest any interested to write direct-
ly to the secretary of the Chamber
of Commerce, Columbia, S. C.

Through the Bureau the depart-
ment wishes to announce that as a
result of operating night and day the
new marl plant under the auspices
of the state is now in a position to
fill immediate orders for marl at the
remarkably low price of not exceed-
ing \$2.55 per ton at any point in
the state save one, the average being
about \$2.13 per ton. Those who
wish to secure this valuable material
which carries a large per centage of
phosphorus at a price far below the
actual values and indeed below what
the freight alone has been hereto-
fore on ordinary ground limestone,
should send in their orders im-
mediately.

The following is a summary of the
wants and offers of the week:

Wants

White seed rice of good quality.
A good milch cow, fresh to pair.
None under 5 gallons considered.
A position on farm as superintend-
ent. Many years experience.
To buy two settings of Black Lang-
shan eggs. Price must be reason-
able.

SWIFT & CO'S MAN AIDED AFTER 20-YEAR EFFORT

Superintendent of Fertilizer
Plant Has High Praise for
Tanlac

"RESULTS REMARKABLE"

After Trying for 20 Years to Over-
come Troubles, He Finds Relief in
Master Medicine

Still another well known and in-
fluential Atlanta man comes forward
and endorses Tanlac, the new medi-
cine that everybody is talking about,
and which is doing so much good
among all classes. This time it is
D. N. Carroll, superintendent of a
large fertilizer works operated here
by Swift & Co. Mr. Carroll's stand-
ing and influence in this city and
state are too well known to require
further comment. His address is
1292 Marietta St.

"Tanlac has relieved me of serious
stomach and kidney trouble, from
which I have suffered off and on for
fifteen or twenty years," he said to
William B. Logan at Jacobs' Phar-
macy.

"I am satisfied I had neuritis, or
inflammation of the kidneys," he
continued, "and I also had stomach
trouble of the worst kind. I would
have fearful swelling of the abdo-
men and terrific pains after eating
almost anything; and I would have
pains under my shoulders and in my
back.

"This undigested condition of my
food, so I was told, resulted in the
poisoning of the kidneys and blad-
der, which would give me terrible
pains in the passage of them and
also produce uremic colic.

"These attacks would make me
sick all over and sometimes cold,
and I would have swimming sensa-
tion in my head, and attacks of
blindness. I finally got so I could
sleep very little and was losing
weight and strength all the time. I
have used only one bottle of Tanlac,
and the results are remarkable, to
say the least. It agrees perfectly
with my stomach. Other medicines
usually make me sick. My nerves
are all right again. My appetite has
returned and the indigestion has dis-
appeared completely. I sleep as
sound as a log, and the blindness,
kidney and bladder trouble bother
me no more.

"I am going to keep right on tak-
ing Tanlac, and I am glad to recom-
mend it to my friends."

Numerous cases right here in At-
lanta, reported by people of high
standing and wide acquaintance are
similar in some respects to the case
here given, and prove in the strong-
est possible way that Tanlac is na-
ture's great remedy for the stomach,
liver, kidneys and all other deranged
vital organs.

Among the Atlanta cases that may
be recalled on this point are the fol-
lowing: J. A. Hancock, well known
Confederate veteran and retired busi-
ness man of Atlanta, suffered from
kidney, liver and stomach troubles.
He says the results from Tanlac were
simply astonishing. H. L. Forrest,
widely known Atlanta meat and pro-
duce dealer, suffered for five years
with kidney trouble, liver derange-
ment and dyspepsia, said he took a
hat full of tablets and many other
medicines but Tanlac was the only
thing which brought him relief. He
says he now "eats like a plow hand."

Many others like these are contin-
ually being given to the public and
being discussed far and wide.

Tanlac, the master medicine, is
sold exclusively by J. F. Mackey &
Co., Lancaster; Peoples Drug &
Bro. Co., Heath Springs; C. O. Floyd,
Kershaw. Price: \$1 per bottle
straight.

NOTICE OF ELECTION.

Whereas, one-third of the free-
holders and one-third of the electors
of the age of 21 years, residing in
Union school district, No. 19 have
petitioned the county board of edu-
cation to order an election to deter-
mine whether or not an additional
tax of 4 mills shall be levied on all
real and personal property for school
purposes.

We hereby order said election to
be held by the trustees in said
Union district, No. 19, on Tuesday,
April 25, at the school house.

At which election only such elec-
tors as return real or personal prop-
erty for taxation and exhibit their
tax receipts and registration certifi-
cates shall be allowed to vote.

The opening and closing hours
shall be the same as in all general
elections.

V. A. Lingle,
Jos. K. Connors,
W. B. Twitty,
County Board of Education.

DANGERS OF DRAFT

Drafts feel best when we are hot
and perspiring, just when they are
most dangerous and the result is Neu-
ralgia, Stiff Neck, Sore Muscles or
sometimes an attack of Rheumatism.
In such cases apply Sloan's Liniment.
It stimulates circulation to the sore
and painful part. The blood flows
freely and in a short time the stiff-
ness and pain leaves. Those suffer-
ing from Neuralgia or Neuralgic
Headache will find one or two appli-
cations of Sloan's Liniment will give
grateful relief. The agonizing pain
gives way to a tingling sensation of
comfort and warmth and quiet rest
and sleep is possible. Good for Neu-
ralgies, too. Price 25c. at your Drug-
gist.

Piles Cured in 6 to 14 Days.

Your druggist will refund money if PAZO
LINIMENT fails to cure any case of itching,
Blind, Bleeding or Protruding Piles in 6 to 14 days.
The first application gives ease and rest. 50c.
