

"Gets-It" Never Fails for Corns!

There's Nothing on Earth Like It For Corns and Calluses.

"Whenever you get corns and calluses, don't experiment - just use 'GETS-IT' and nothing else. Easiest and simplest thing I know to use - just a few drops on in a few sec-

onds-"GETS-IT" does the rest." The old way is to bundle up your toes in harnesses and bandages, use salves that make toes raw, cotton rings that make your corns pop-eyed, knives and "diggers" that tear your heart out and leave the corn in. No wonder they make you limp and wince. Forget all these - use "GETS-IT" the simplest corn remedy in the world, easiest to use, never fails or sticks, painless. Your corn loosens, then you lift it off. You can wear smaller shoes.

"GETS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Lancaster and recommended as the world's best corn remedy by Lancaster Pharmacy and J. F. Mackey Co.

Declares American Business Men Will Withstand All Shock After the War.

New York, Sept. 22.—American business men aided by the federal reserve bank system, will be able successfully to withstand the shock of European competition after the war, in the opinion of Charles Hamlin, former governor of the federal reserve board. His views were expressed at the annual dinner of the Institute of Accountants last night. He said in part:

"I estimate that the wealth of the United States has increased during the last two years by \$40,000,000,000. Bank deposits have increased between \$6,000,000,000 and \$7,000,000,000, and the stock of gold has increased more than \$70,000,000. Since the first of the year the importations of gold have amounted to \$460,000,000.

"No nation in the world has ever enjoyed the prosperity that this country now enjoys."

Mr. Hamlin said he felt that this time was one in which American business men ought to be conservative in order to prepare for the inevitable reaction. Commending the federal reserve system he said that in the future no business man who deserves credit will fail to get it. "Never again will this country see a collapse of credit will fail to get it. "Never again the past," he declared. "Never again will there be a currency famine such as we experienced in 1907. I am convinced, from a careful review of the situation that the great prosperity of today is only a forerunner of the greater prosperity of the future."

CAN'T LOSE HAIR.

Twenty Years from Today a Bald-headed Man Will Be an Unusual Sight.

One of the most prominent druggists of America made a statement a few weeks ago which has caused a great deal of discussion among scientists in the medical press.

He said: "If the new hair grower, Mildredina Hair Remedy, increases its sales as it has during the past year, it will be used by nearly every man, woman and child in America within eight years.

"When Mildredina Hair Remedy is used almost universally, dandruff will disappear and with its departure baldness, itching scalp, splitting hair and all scalp diseases will follow and twenty years from now a bald head will be a rarity."

There is only one way to cure dandruff, and that is to kill the germs. There is only one hair preparation that will kill the germs and that is Mildredina Hair Remedy. BEATEN BY AUSTRIANS.

Vienna, Sept. 20.—The official communication issued today says: "The Roumanians southeast of Hoetzing (Hatzeg) have been completely driven off. Petroseny and the Szurdak pass are again in our possession."

The Austrian communication of Tuesday said the Roumanians south of Hatzeg had been driven back in the direction of Petroseny by way of Merisor and that the Teutonic allies were in close contact with them in the Gergeny and Kelemen hills.

DELIVER MESSAGE IN AUTOS

You have all read the story of the messenger who rises to be a millionaire, but if the Western Union Telegraph company continues its plan of supplying automobiles to their employees you may read soon of wealthy men educating their sons to be messengers. Two of the boys at the Western Union's main office, Fifteenth and Chesnut streets, are now delivering messages in speedy runabouts, and it develops that a squad of motorcycles has been introduced, the drivers of which are earning from \$100 to \$130 a month.

"Sure, I got an auto—but it ain't the fun it used to be," said Mike Brenner, at the main office, last night. Mike, who lives at 2001 South Sixth street, drives one of the racers about the city. "It ain't the fun," he continued. "Wherever we go every one stops and looks and says, 'Gee, whatter yer know!'—but it was better than this when I was a kid and leg-running my messages five years ago. Then a feller would get a message maybe a mile off and he could take half an hour; to smoke, read, walk as slow as you please. Now the car gets there in five minutes—why, I deliver 50 or 60 messages a night. It's fun, but not like the old days.

The auto system was introduced by A. B. Heiner of New York and if successful 10 cars will be put in use. The service is still in an experimental stage, and, according to R. C. Fable, supervisor of delivery here, is the only one of its kind in the world. Western Union cablegrams are carried by camel in the Sahara, by foot runner in India, by dog sleds in Alaska, and by auto in Philadelphia.—Philadelphia Public Ledger.

STOP AND LISTEN.

Atlanta, Ga., Sept. 21.—As the result of automobile drivers failing to heed "Stop, Look and Listen" warnings, there were 57 automobile accidents at crossings of public highways with Southern Railway tracks during the year ended June 30, taking a toll of 12 lives and 59 personal injuries. In 1915 there was 69 such accidents, resulting in 12 deaths and 58 injuries.

According to States, the number of accidents, deaths and injuries in 1916 were as follows:

- Accidents: Alabama 7, Georgia 11, North Carolina 11, South Carolina 17, Tennessee 10, Virginia 1. Deaths: Georgia 2, North Carolina 4, South Carolina 3, Tennessee 3. Injuries: Alabama 9, Georgia 8, North Carolina 14, South Carolina 14, Tennessee 13, Virginia 1.

Unique Document.

In the "American Magazine" Prof. Charles Downer Hazen tells some ludicrous incidents of the Franco-Prussian war, describing a document that is a modern curiosity:

"Cohesion was lacking, as were numbers," he says. "Many generals were sent to command troops with which they were entirely unacquainted.

"Not only soldiers, but sometimes generals went astray, unable to find their places. 'Have arrived at Belfort,' telegraphed General Michel on July 21, 'can't find my brigade; can't find the general of the division. What shall I do? Don't know where my regiments are.' This document is probably unique in military records. Another general hunted for his artillery staff; another for a cavalry corps which did not exist."

Whiskers and Corsets.

Patience—I see that the first baby born in Lorraine, O., will receive from merchants of the town gifts including a theater pass for life and corsets or barber service for life, as the case may be.

Patrice—It would be awful if the baby should cling to the corsets and decide to let the whiskers grow.

In These Days.

Wife—You say you saw Miss Pickering walking on the avenue. What did she have on?

Husband—I can't recall.

Wife—Well, she must have had on something.

Husband—Quite possible, my dear; I probably overlooked it.—Life.

MUST ESTABLISH HIGHWAY BUREAU

LAW IS INTERPRETED

United States Office of Public Roads Construes New Act of Congress.

Columbia, Sept. 26.—"I am, therefore, of the opinion that before South Carolina can participate in the benefits of the act, it will be necessary for it to establish by law a State highway department, such as is required by the act, empowered to perform all of the functions usually exercised by such a body," concludes an opinion by C. W. Boyle, acting solicitor of the United States office of public roads, relative to South Carolina participating in the fund recently appropriated by congress for the building of permanent highways. The opinion was given upon request of E. J. Watson, commissioner of agriculture, who has been handling the matter with the federal office of public roads.

Commissioner Watson said yesterday that he secured the opinion in order that a definite program of legislation might be outlined for this State to participate in the fund. The solicitor ruled that the State department of agriculture is not a department of good roads. The commissioner, in accordance with the opinion, will make certain recommendations to the next legislature.

ITALIANS FALL BACK.

Sofia, Tuesday, Sept. 19 (via London, Sept. 20).—Official announcement was made here today that the Italian troops on the Macedonian front had been driven back by the Bulgarians, who occupied four villages.

In Eastern Roumania along the new battle front south of the railroad from Constanta on the Black sea to Tzernavoda of the Danube, a great battle is in progress. It is developing in favor of the Bulgarians, the announcement says.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

WANT TROOPS BACK HOME

Columbia, Sept. 23.—The Columbia Chamber of Commerce tonight unanimously endorsed the efforts of the Harvest Jubilee committee in trying to get the South Carolina troops back from the border in time to participate in the State Fair to be held from October 23 to 27. Secretary Holcombe announced that the assistance of the South Carolina Senators and Congressmen had been requested and everything looked favorable to the bringing back of the troops within the month.
