Our Newberry Department. R. W. BRIDGE Manager

GREETINGS!!

We wish our readers a merry Christmas, and when they see Santa Claus--hope they will have him renew their subscription, for one year to the People's Recorder.

Our city is somewhat lively and its people, progressive, energetic and hospitable. As a rule they own their homes, and are beginning to acquire property, which is one of the first requisites to civil consideration.

Every man ought to strive to get a home, as his earthly paradise, around which altar his family may hover safely and which its sanctity should be protected even at the risk of his life.

We have in the city four colored churches where our people worship regularly, and give God homage and praise for His blessings and divine guidance.

Our school facility is at par with the average. The Hoge Graded School, with R. W. Mance, principal and Misses E. C. Lowrey, A. L. Neil and I. S. Snowden assistants is progressing nicely. The enrollment thus far is about 200. Many bright young men and women have gone out from this school and give much promise for active labor, to join the phalanx, now espousing the cause of Negro manhood and civilization.

Dr. Mayes Drug Store is the place for you to get your prescriptions filled. Toilet articles and many other nice things are kept there. St. Lu. Episcopal School, under the direction of Prof. J. S. Daniels is also doing a good work for our boys and girls. The enrollment is 51. Bible study is conducted here and also instruction is given in sewing by hand and in track-farming. This is a new feature in the school, and bids fair to be of much service to the recipients.

We call parents' attention to the above schools and trust they will spurn, with much forethought, ignorance, inebrity and tutored idleness. Lay aside selfishness and personal differences and give your children a liberal education that they may become respectable citizens and a blessing to colored society. If you neglect this duty when they become old, decrepit and beyond the reach of these attainments they will reflect and simply look upon you as their tutors.

For Christmas toys for the children and for glass and china ware cheap for cash. Go to J. W. White's China Store. He sells it cheaper. The Firm known as Daniels and Williams is as large and inviting as any other colored establishment in the State. They have on hand at all times a full stock of groceries and will sell you the same goods you buy elsewhere for the same money, and

with equal satisfaction. Go and see Santa Claus smiling in a colored store.

Remember Eichelbergers restaurant and tansorial parlor on Nance street. He is ever ready to serve callers and gives satisfaction in both departments.

We are delighted to inform our readers that a letter from the secretary of the colored department of the Charleston Exposition, brings intelligence that the Newberry exhibit is in the lead. While this speaks well, our people have not done near so well as they could have. We advise that you do not give so much heed to sycophants and obsequious wretches. These obstinate characters are ever ready to oppose and defeat anything of which they are not the promoters, and are prone to find fault with other advocates, or see defect in their plans. That's Rec-tus.

Miss Priscilla Nowell of Columbia is teaching the Hallee school in this county. Mrs. Henrietta Young is teaching at Trinity and reports a good school thus far. Miss L. C. Grimes is in charge of the Little Rock school. Prof. J. D. Dawkins, Newberry's erudite debator is in charge of Mt. Moriah school. The Col. is now wearing the Jewish beard, and has the appearance of a venerable prelate. Please send him the Recorder. Mr. S. L. Russell of Fort Motte is spending a while in the city. He is one of the popular mechanics at the saw mill.

Mrs. B. Menniweaver is spending a while with parents.

Who owe me for the Recorder please remit on Saturday, and renew for one year, one dollar. This is the last chance for the \$1.00 rate.

HELENA HAPPENINGS. The Black Angel Death, visited sister Laura Gibbons house last Monday night and called into judgment to give an account of

her stewardship here on earth. We trust that the good sister had so lived as to stand the test and is now occupying her seat at the right hand of Him who redeemed mankind. The funeral services were conducted by Rev's Chiles and Colburn.

Rev. Daniap will move to Winnsboro soon. Rev. Chiles spent last Sunday at Abbeville. Mr. Samson Russell, our schoolmate and friend who has served his term in the army, is here shaking hands with relatives and friends. We are glad to see him. The Xmas exercises at Brown's chapel promise to be grand.

GOSSIP FROM GREENVILLE As this is our first time to write to your excellent paper we shall only say a few words, we simply take advantage of this occasion to speak of the interest manifested here in the Recorder by the people of Greenville. It is perfectly remarkable to note the earnest desire of the people to read something, and they are not taking anything to read. Did it ever occur to you the reason why our people do not patronize our enterprises as they should? It is because they (the enterprises) have never been properly talked up. So many of our people really are not used to taking their own papers to get the news, but use the white people's kitchen as a resort for their news. They need only to be talked out of that, and to be shown that it is more intelligent to read something of their own race, in their own paper, by their own fireside. Mrs. Maggie H. King, 116 Fernwood street 24th St. Greenville, S. C.

Miss Evie Tensley of Hartwell Ga., accompanied by Mr. Robert Ward is in the city this week visiting her sister Mrs. Cora Bowman. We all hope them a pleasant stay in the mountain city. Our much beloved pastor Rev. J. A. Pinson left for Columbia Monday where he goes on business relative to the convention as he is a member of the executive board. Xmas is right at hand even at the door and the little ones are looking with bright eyes and longing anticipations for Santa Claus.
