

Abbeville, S. C.

THE BASE BALL CLUB has suspended exercises for the present, but the lack of amusement in this particular is supplied by evening drives behind fast trotters, by all who own vehicles. We need in Abbeville a livery stable to supply all demands and make the amusement a little more common.

Dr. Wm. C. Wardlaw, formerly of our town, but now a resident of Augusta, Ga., and well known as a popular and skillful dentist, is now on a visit to relatives here. The Doctor is doing a fine business in his profession, and is receiving the patronage he so well merits.

HYMENEAL.—Mr. R. E. Hill left Abbeville on Monday last for Williamston, where he expected to marry one of the nicest young ladies of that town last night. Mr. Jas. R. Cunningham, of our town, left on yesterday to act as groomsmen on this pleasant occasion. We learn that Mr. Hill will henceforth make his home in Williamston. We regret to lose his valuable services as depot agent. His place has not yet been filled.—Mr. Hammond and Mr. Enright performing his duties temporarily.

APPOINTMENT OF DELEGATES.—There seems to be some dissatisfaction at the appointment of the delegates to the County Convention to meet here soon. Abbeville precinct will get nineteen, while some other precincts will get not more than one or two. The apportionment is made with reference to the poll of votes at the last election. Abbeville will poll a strong vote in that nominating body which will be composed of only one hundred delegates.

DEMOCRATIC VICTORIES.—The last week brings encouraging reports of Democratic victories in North Carolina and Tennessee. The old North State has gone largely Democratic, with a certainty of seven out of eight Congressmen. The majority will likely reach 10,000. In Tennessee, the Democrats have swept the State, electing their candidates in every county. Nashville, Knoxville and Memphis all give large majorities.

A FINE CITRON, taken from a tree laden with the fruit in Southern Florida by Col. B. F. Wardlaw, in one of his traveling tours in the interests of the State Grange, of which he is Master, was submitted to our inspection a few days since. It is a large specimen, some ten inches in length, and weighing several pounds, and is a choice sample of this excellent fruit. Col. W. is a very prominent citizen of his adopted State.

We learn that Mr. James McCelvey met with an accident on Thursday last which came near proving fatal. While making arrangements for a picnic on Russell's Creek, he was caught in a vine which brought the axe down on the top of his head, cutting to the bone. He was not seriously affected, but since then he has had a physician attending him.

SEARIN.—There seems to be considerable feeling among some of the candidates for the Senate. They out-guess each other in a way not flattering to their respective subjects. Tolbert, Hollinshead and Guffin, of the white candidates, seem to be ahead. It is thought by some that a colored man may yet come out who will beat all the rest.

A HOT CANVASS.—From the report of the speeches at the Republican meeting on Saturday, there is likely to be a warm canvass in store for those who seek the popular favor at the next election. There seems to be an ugly family quarrel brewing, in which outsiders may play the part of disinterested spectators.

BAPTISMS.—The Baptists will baptize some eight or ten persons in the branch below the Episcopal church, on next Sunday afternoon at 3 o'clock. The first baptism by immersion in the town by the whites, and we have no doubt a large crowd will be attracted.

GRANGE ORGANIZATION.—There will be a meeting at Warrenton School House on Saturday morning at 9 o'clock for the purpose of organizing a Grange. Persons interested will take notice and be at the school house promptly at the appointed hour.

Dr. Sondley and family, we learn, intend going to Newberry next week. We regret to lose so nice a family from our midst, and trust that they may change their minds before the end of the year.

The Trustees of the Citizens' Savings Bank, we learn, at the meeting last week, resolved to declare another dividend of twelve and a half per cent. about the 1st September.

Question for the Jackson Literary Society.—"What will become of the doctors if there is not more sickness among our people?" The good health of the county is alarming.

The Beecher Tilton Scandal promises to land in the Courts, Tilton being about to bring an action against Beecher. Moulton, "the mutual friend," is at last ready to testify.

FINE PEACHES.—A wagon load was brought to town on Monday by Mr. Cooke of Lowndesville, and sold for seventy-five cents a bushel. Good and cheap.

Our townsman, M. McDonald, Esq., exhibited to us a few days since a basket of a very superior variety of peaches. He cultivates the fruit with very great success.

W. P. McKellar will probably be taken care of by the nominating convention and made school commissioner or sent to the Legislature.

Mr. T. B. Millford, we learn, is among the prominent candidates for the office of Probate Judge of this county.

The U. S. Court is in session at Greenville, and several of our lawyers are in attendance.

Jas. A. Wright has been heard from. He is at Oxford, Ala.

THAT GRAND GIFT CONCERT AT LEAVENWORTH, KANSAS.—Mr. J. C. Wosninsky, of money in the drawing which came on the 9th July. The ten other ticket-holders at this place were unexpectedly and much to their disappointment, drew blanks. Among the untucky number were mentioned the name of our friend Major Andrew Small, who had placed his affections on a draft of about \$100,000, with which he would have opened a novelty store in Cotton and Wilson's Range. Since the result of the drawing has been made known, the Major has abandoned the idea of going into the mercantile business. It's a pity that Mr. Simon A. Small, that self-sacrificing man, couldn't have sent at least one good prize to Abbeville. In the next drawing we think it likely that gorgeous will be scarce at Abbeville.

UNCLE SAM REFUNDING.—Mr. John McNeill, of our County, paid a Revenue License of twenty-five Dollars to distill his doing so, and he applied to the proper authorities to have his money refunded, which request was promptly responded to by a draft on the Treasury at Washington.

Hon. Jerry Hollinshead having been apprised of threats made against his person, now has his residence guarded at night by a Sergeant and five men of the militia company at this place. These threats are said to emanate from the members of the Republican party who are his enemies and opponents of his political preference. Let us have peace.

Mr. Robt. R. Martin, proprietor of the Olive Leaf, a newspaper to be started at Greenwood, we are informed offers to sell his interest in that paper for \$5000. Mr. Martin left here on Monday last for Greenville, to take a situation on that excellent paper, the Greenville Daily News. Bob will find his new "sit" in the News office more profitable than publishing the Olive Leaf.

The Greenville Daily News is one of our most interesting and well-conducted exchanges. It is full of news, and discusses all the current topics with ability and spirit. We are glad to hear that it is receiving the patronage which it merits.

Wm. H. Parker, Esq., and family leave on a pleasure trip to the North on to-morrow's train. They will be absent four or five weeks. We wish them a pleasant tour and safe return.

Mr. T. J. McCracken, who lives a short distance from Mt. Carmel, was in our office on yesterday. He reports the farms in his section as suffering for rain. He thinks not more than half a crop will be made this year.

DICTING PRISONERS.—There seems to be some trouble about feeding the prisoners in our jail. The Sheriff wants his pay and there is no money in the treasury. The Sheriff considers the feeding of prisoners as a cash transaction.

MOUNTAIN GOERS.—A larger number of our citizens are seeking health and recreation in the mountains than ever before. It is estimated that some forty persons have left Abbeville.

Mr. John Faulkner, a staunch citizen of Long Canoe was in town yesterday, and reported it very dry in his section, and that the crops will be cut short. Our friend escaped a runaway scrape this time.

A young falcen captured in the upper part of the county, and measuring forty inches from tip to tip of its wings, is now in the possession of Mr. J. C. Wosninsky, of our town.

Mr. and Mrs. W. T. McDonald and Mrs. M. McDonald, of our town, left a few days since on a visit to Williamston where they will spend several weeks.

The communication giving an account of Prof. Blake's School Exhibition at Ninety Six was received too late, and shall appear next week. Thanks.

OUR SUMMER with the exception of a few hot days and nights, has been remarkably pleasant—the coolest for many years.

We learn there is but little excitement about politics in the neighborhood of Mt. Carmel. The people there are more interested in their farms.

Old Mr. Fletcher Fortune, of Buncombe, N. C., who has been visiting Due West for twenty-five or thirty years past, selling the produce of his farm, died recently.

We regret to learn that the kitchen of John A. Calhoun, Esq., was consumed by fire during the past week. The fire was accidental.

Mr. J. D. Chalmers and family returned a few days since, after a week's absence on a visit to relatives in Newberry.

Dr. Thomas says everybody is well about Warrenton. No use for doctors out there.

The doctors are having a dull time here now—the county is distressingly healthy.

Dr. Yates says that business is very dull, and thinks Dr. Rhott left here in good time.

NEW FENCE.—Mr. T. C. Seal is putting up a new fence in front of his handsome residence on main street.

The Pat Rogers, an Ohio steamer, was burnt on the 5th inst., with the loss of 35 women and children.

The crops in the neighborhood of Mill Way have been cut off at least one-half by the drought.

THE BEEF AND MUTTON market has been pretty active during the past week at prices ranging from eight to ten cents.

Gen. McGowan and family, and a member of Dr. Parker's family, left on Friday for a visit to Caesar's Head.

Mr. Thos. C. Perrin's family are now seeking health and recreation in the mountains.

REPUBLICAN MEETING.

On Saturday last a political meeting of considerable interest, was held at Shady Grove, in Magnolia township. Between 150 and 200 persons were present. J. H. Wallace was made chairman, and L. H. Russell, secretary. James White was the first speaker. He expatiated largely upon necessity for reform in the Republican party, and advised that all the old members of the Legislature be left at home. He announced himself as a candidate for the House of Representatives. L. L. Guffin was next introduced. He spoke chiefly in defence of himself, against the charge of treasury robbing and running away from the duties of his office. He thought a sufficient answer to the first charge was the fact that he had been fairly and fully tried by a jury of his peers, and pronounced innocent. In reply to the second charge, he thought that if all the other county officials had run away and left their offices in as good hands as he did, the county would have been better off. He thought the loss to the county by the robbery might have been repaired to some extent, if our members of the Legislature had not released L. H. Russell and his bondsman. He thought the members who received to pass that bill. K. G. Lesley next addressed the meeting. He had been an attaché of the House and knew something of the actions and doings of the Legislature. He thought the old members had done much credit to themselves or their constituents. He thought better men might be secured, and the people should risk the experiment. He referred to the members of the Legislature as Democratic, and to the loud cries for reform in South Carolina from all parts of the Union. A. R. Burton spoke in favor of reform by selecting good men, and announced himself as a candidate for the Legislature. W. M. Pressly, School Commissioner was the next speaker. He endorsed all that had been said in favor of reform, and urged the people to select only good and competent men for all positions, so as to elevate the party, improve the race, and benefit the State. He had no present knowledge of the minds charged to the members. He had never been to the Legislature. They seem to be fighting among themselves now, and if they are as represented, we can console ourselves with the reflection that "when thieves fall out, honest men will get their dues." He further urged the people to send their children to school, to take more interest in the subject, and make greater efforts and sacrifices for the cause of education. J. Hollinshead was then introduced. He told the people that he was ready to answer any question touching his course and conduct as their Representative. He was asked why he voted for John J. Patterson for U. S. Senator. He replied, because he thought him the most suitable man. He was asked why he voted for the Blue Ridge Scrip. He admitted that he did wrong in so doing. He also stated that he voted for the Validating Bill, and he now thought that he did wrong in voting for Finley as a trustee of the De La Howe School. Finley had asked him several questions, and he thought he had answered them. He would not have another opportunity to do wrong in the Senate. He said he would leave the field to any good colored man. He then referred to the Guffin, and handed them with gloves off, charging them with the robbery of the Treasury, and that Lem Guffin had run away from the State, leaving the Probate office minus \$1,200. It would fill so much of your space, Mr. Editor, to give all that the speakers said. I have given only what I recollect as the main points. Several of them spoke an hour or more. VIATOR.

VALUABLE PLANTATION For Sale.

THAT Valuable Plantation, known as CHERRY HILL, on Savannah River, near Willington, Abbeville County, is offered for sale. On the premises is a large Dwelling House with outbuildings. There is a considerable body of BOTTOM LAND and cleared land on the tract, which contains 1,300 Acres, more or less, bounded by lands of Dr. J. A. Gilbert, Wm. Tennant, and others. If desired, will be sub-divided. For terms apply to WM. H. PARKER, Attorney at Law, Abbeville C. H., S. C. July 15, 1874 14-tf

Southern flour quiet—common to fair extra 5 50a6 15; good to choice 6 20a11 00. Gold closed at 91.

THE NEW POSTAL LAW.—The Post Office Gazette for July summarizes what the new post office bill accomplishes, as follows:

1. Preparation of newspaper postage after January 1, 1875. 2. Gives free delivery to all newspapers, to subscribers only, (daily, semi-weekly, weekly, monthly or quarterly,) within the County in which they are printed and published from July 1, 1874. 3. Makes a uniformity in all matters other than newspapers, as third class, limited to four pounds at one cent for each two ounces. All papers now circulate free in the Counties wherein they are printed, and receive their exchanges free. "Oh! why should the spirit of mortals be sad?" exclaims the Milwaukee Sentinel, "when New Orleans molasses sells at fourteen cents per quart, and buckwheat flour is thrown at a man in fifty pound packages."
