The undersigned have been appointed sole agents for the sale of "McCoSDS COLIC MIXTURE," an infailible cure for colic in horses mules or cattle. This preparation was pattented June 30, 1869, and in the short time which has clapsed since has attained a reputation unequaled by any patented medicine on the globe. We have in our possession testimonilias from numerous persons who have used it:

I have had two occasions to use McCords Colic Mixture in cages that seemed desperate. The success in curing was apparently magical, it is administered without trouble or delay, is speedy in action, and I think is so valuable that every person who immages horses or mules should keed it at hand.
