Railroad Wind.

Northern Railroad.

It will be seen that that paper is confident that the road will be built, and it maps out a long list of extensions from Athens while stating that the road will not be completed to Atlanta. If this means anything, and if it is true that the road will stop short of Atlanta, at toccurs to us, that the change of base must be a compromise or agreement with the Clydes not to enter competition at the Gate City. As it is generally understood that the present stop of work on the part of the Clydes have consented to let Robertson build the road to Athens, if the line be diverted at that point away from Atlanta down toward the Everglades.

It the sacrifice of a State is necessary, please let us know which one, would satisfy the domand.

Down and.

Owing to the absence of Rev. G. H. In one of the Baptist church on Sunday.

The laties of the Presbyterian church will be in the grove on Main Street fronting while he in the grove on Main Street fronting the happointments so far as has been given to negroes. The places from which Democrats have been removed in the allows will be in the grove on Main Street fronting the happointments so far as has been given to negroes. The places from which Democrats have been removed in the mail route service on the railroads have been resounds all over one firedly t Northern Railroad.

Carolina and Nothern road. Small favors As well say a President in Chief. thankfully received, and promptly noted.

As far as we have heard, there is no definite news of the Cumberland Gap, upon which the vulger crowd may gaze. We know nothing of it, except the advertisement in the paper, and rumors to the effect that the road will be finished to Abbeville in time to take off the place on the South Carolina road to build the Cumberland Gap. While there is no account. and times we are unable to speak as to what Mr. Averill may do in the matter of resigning his position on the South Carolina road, but as to the finishing of the road to Abbe, ville during the present year we presume that nobody believes that for one moment. No matter how much money Mr. Averill may have, and how determined he may be to build the road, he and every man on the South Carolina road could not finish it to Abbeville this year. If he finishes it any time during the next year he will break the record for prompt railroad building. The Georgia, Central, with a Bank and all the equipments at hand, built a little over a mile a week, after the track had been graded.

We may finally get both the Georgia, Carolina and Northern road, and the Cumberland Gap road, but these results will not be brought about in this year of grace.

But, kind reader, suppose both roads were here to-day, hawling coal and cotton, of what benefit are they going to be to you, if you stand idle? While these roads may be of advantage to a few property owners, are you in position to receive any benefit? It not, then go to work. Whining around the corners and crying down the town, will do no good to him who stands idle. Let each man each man strive to make his own business a success. If each man "builds up" his own fortune, there need be no fear that the town ceed in a larger place. will boom and build up. We need individual

The Press Congress.

"In the matter of the repeal to the home "In the matter of the repeal to the homestead law, concerning which the Marion Stan
has interested itself so much, the opinions
of the press of the state is as follows:

"For repealing the law—The Marion Stan,
the Pickens Sentinel, the Georgetown Enquirer, and the Charleston World.

"Against It—The Laurensville Herald."

"The Star counts the Columbia Register as
supporting its position also, but the Register
is not absolutely committed to either side of
the controversy."

"The opinions of the press of the state upon
this matter cannot fail to be interesting. Let
them speak out."—Charleston World.

The Marion Star and other respected news-

The Marion Star and other respected newspapers are simply wasting their breath when talking of the repeal of the "Homestead The homestead is a feature of oursystem of Government, and every State in the Un ton has made provision for the exemption from levy and sale of the homestead, except in cases where the foolish citizen has r the benefit of railroad builders or property owners in town or along the line of any proposed rail road. The homestead exemption may be lessened or increased, at the will of the people but we think it will be a long time before the poor people of this country will vote away their homesteads-except to build railroads

If the Star and the Sentinel and the World can get the people excited on a rail road question they might vote away not only their own homesteads but the homesteads of their neighbors, but they will never consent to turn their families out of doors to pay old

As long as crazy newspapers fight the homestead on the ground that wives and little children ought to be turned out of doors to pay a husband's debts, they might just as well sing Psalms to a dead horse. If they want the families deprived of shelter, let them start a railroad which will build a thriving Atlanta on every man's farm, and make all the "one horse" towns metropolitan

Will the World tell us if the editor thinks it right for a husband to be allowed to mortgage the homestead which the law sets off for the benefit of his family? The law exempts nothing for a man on his own account. The exemption is for his family.

Is it Perscention?

Sometime ago Mr. S. H. Counningham moved his printing office to Orangeburg, and has been publishing a newspaper there ever since. Instead of encouraging him in his enterprise,-as most thrifty towns give counten' ance and encouragement to new comers,-it seems that there has been an effort to freeze him out, to starve him out, or to run him out-Several months ago, he discovered his house

on fire. The alarm was promptly given, and the property saved. A detective was then brought, and after months Mr. Cunningham was arrested soon after the grand jury had been dismissed, thus compelling him to rest under these charges until next Fall before he he can possibly vindicate himself.

We believe the above are the facts in brief, and; without knowing much of Mr. Canningham, we do not believe that he is guilty, and we sympathise with any man who is erowded or pushed to the wall. As far as we have been able to see, Mr. Cunningham has

explained by the different lawyers in the case, but sometimes a question of fact is not so easily settled. It would seem that there is but little approximate for a moment, the is that exhibitions for in the case, but sometimes a question of fact is not so easily settled. It would seem that there is but little approximate for a moment, the is that exhibitions for in the case of the case o

Much foolish lamentation their has been heard about the evils of a Solid South. While be better for office-seekers, we would like to know which of the States they think should be taken from the people, to whom they justly belong and turned over to aliens scolawags or negroes? If the newspapers and politiclans are wise enough to see evil in a Solid South, they should also be able to tell us The Elberton Star seems to have a corner on which of the Southern States should be false news in respect to the Georgia, Carolina and to itself, and treacherous to its best interests? It the sacrifice of a State is necessary, please It will be seen that that paper is confident let us know which one, would satisfy the de-

Under the present state of affairs it seems strange to us that nobody is willing to write on the negro problem. It has been so long that we are weary of waiting for a solution o that problem. If any body should chance to next crop, and that Mr. Averill will resign his see an article on that subject, we would be under lasting obligations for an opportunity to read it. This subject is being neglected. ing for what any man may do in these days The Abbeville Literary club has discussed it but six times, and, to the best of our knowledge, we have not seen more than fifty or sixty dissertations on the subject. What's the matter with our people, anyhow? They ought to take some interest in surrounding

There is no "Scotch-Irish race" any more than there is an "English-Scotch," or an "English-Irish" race. This "Scotch-Irish" business is of purely recent origh. Children born of Irish and Scotch parents would be Scotch-Irish or Irish-Scotch, but in this country people who call themselves Scotch-Irish birth, and are simple enough to think that it is more respectable to call themselves Scotch-Irish. That is about the size of it.—Augusta Chronicle.

Our understanding of the meaning of the erm "Scotch-Irish" is, that it refers to the ndividual's religious proclivities. "Scotch-Irish" meaning a Protestant Irishman.

individual's religious proclivities. "Scotch-Irish" meaning a Protestant Irishman.

The publication of the Wodruf News, one of the brightest and best of our exchanges, has been suspended. The editor descrived better success, and if he had been in a larger town, we think he would have fared better. A man with Rudolf's ability, energy and moral courge deserves to succeed, but the day when a small town can well support a newspaper, like the New, has passed, if it sever existed. The same energy that can keep a paper alive in a small town could succeed in a larger place.

About the smallest business on the largest scale is that of the Georgia Alliance in ordering two millions yards of cotton bagging at reents a vard, to beat out the jute bagging. As the farmer always gets as much by the pound for his bagging as he pays for it, we see neither the rhyme nor the season in kicking so small a matter.

Governor Thompsom has been appointed as one of the civil service commissioners. In this appointment the President has done well.

The morning session was devoted privel-pally to effecting an organization, and before proceeding to ballot for officers the conven-tion, at 1 p. m., took a recess until 3 p. m. When the Convention reassembled the fol-lowing officers were elected: Jonathan M. Haralson, of Alabama, president. Governor J. P. Eagle, of Arkansas; Rev. F. H. Kerfoot, D. D. of Kentucky; L. B. Ely, of Missouri, H. K. Elyson, of Virgininia, vice presidents Rev. Lansing, Burrows, D. D., of Georgia; itev. O. F. Gregory, D. D., of Missouri, secre-taries. Saturday morning at 11 o'clock was made the time to hear the delegation of Close Communion English Baptists. taries. Saturally morning at 10 clock was made the time to hear the delegation of Close Communion English Baptists.

The report of the Foreign Mission Board was presented by Corresponding Secretary Tupper, and was referred to the appropriate committee, as was also the report of the Home Mission Board presented by Dr. Tichenor, the secretary. The committee to whom the report of the Home Mission Board was referred consists of one from each State, to whom so much of the report as relates to the "Kind Word Series" of Sunday-school publications was referred, with all communications, reports and resolutions pertaining to Sunday-school literature, without debate. Saturday at 8 p. m., was made the hour for foreign missions, Certain correspondence between the board of the American Laptist Mission Society of New York and the home mission board of this Convention was read and referred to the committee on correspondence.

Dr. Eaton, of Kentucky, from the commit-

Dr. Eaton, of Kentucky, from the commit-tee appointed at the last convention on the relations of the convention to other bodies, pre-sented their report. The following chairman were appointed: On Papan fields, J. B. Gam-brell, of Mississippi: On Papal fields, J. J. Taylor, of Alabama; women's work, H. M. Wharton, of Maryland; Treasurer's report for Mission Board, J. H. Kilpatrick, of Geor-gia; extension of the work of the Foreign Mission Board, J. B. Taylor, of Virginia. The report of the Home Mission Board shows that the number of missionaries has been increased from 281 to 325. Cash receipts aggregate 889,028, leaving a cash balance on hand of 8828.

and of \$82.

The report of the Foreign Mission Beard hows a cash balance on hand of \$814.

The Convention at 6 p. m., adjourned till temorrow morning at 9 o'clock.

Dr. J. P. Greene, D. D., of \$4. Louis, deliverod the annual Convention Sermon to night to

overflowing audience. The Board of Trustees of the Southern Bap-

Pad Air.

When a person has remained for an hour or more in a crowded and poorly ventilated room or railroad car, the system is already contaminated to a greater or less extent by breathing air vitiated by exhalations from the lamps, bodies and clothing of the occupants to debilitate, to lower of the system to impair the natural power of the system to impair the natural power of the system to impair the natural power of the system to resist disease. Hence it is that persons who are attacked by inflamatory diseases, as pneumonia or rheumatism, can generally trace the beginning of the disease to a chill felt on coming out of a crowded room into the cold of dampair, wearing perhaps thin shoes and insufficient clothing. If these facts were generally understood and acted upon, thousands of lives might be saved every year. It is a well-known fact that men who "camp out," stepling on the ground at all sensons of the year, seldom have pneumonia, and that rheumatism, with them, comes, as a rule, only from unwarrantable imprudences, the case, but sometimes a question of fact is the special point of fact that sometimes a question of fact is thought be saved every year. It is a well-known fact that men who "camp out," stepling on the ground at all sensons of the year, seldom have pneumonia, and that rheumatism, with them, comes, as a rule, only from unwarrantable imprudences, the case, but sometimes a question of fact is thought be saved every year. It is a well-known fact that men who "camp out," stepling on the ground at all sensons of the year, seldom have pneumonia, and that the year, seldom have pneumonia, and that of for a provided room or railroad car, the system is already contaminated to a greater or less extent by treating air vitiated by exhalations from the lamps, bodies and clothing of the system to a greater or less extent by contaminated to a greater or less extent by contaminat case, but sometimes a question of fact is not so easily settled. It would seem that there is but little opportunity for errors of law, but that there is every possibility for cross of law, but that there is every possibility for cross to facts. If we were either lawyer or client and the court would consider only one of the questions, law or fact, we would prefer to have the question of fact investigated.

Can any good lawyer give a good and sufficient reason showing why his client should be debarred an appeal from an erroneous judgment, based upon a misapprehension of facts?

Those postmasters who have, neglected to buy their striped pantaloons at the right place may look out for other occupations.

every person capable of appreeding then, and they should never be lost sight of for a moment, one is that exhalations from the moment, one is that exhalation for a moment, one is that exhalation for a moment. One is that exhalations from the moment of earbonic acid gas, and if a person canadistic from the moment of earbonic acid gas, and if a person canadistic from the moment of earbonic acid gas, and if a person themselves to enable to embate it unmixed with the oxyzen t

ete.
Tenth, that the best results are obtained by planting in rows three and one-half to four feet apart, with stalks about eight inches apart in the row.

THE PATHWAY OF LIFE.

A Book for the Home, a Blessed Guest for the Fireside.

This is the title of a book which Mr. J. C. Ellis, of Hodges, is selling by subscription. It is written by Rev. T. DeWitt Talmage, D. D. whose sermons have made him so well known to the readers of the Press and Banner. It is beautifully illustrated and deserves a place in every household in the land. Quite a number of copies are being sold in Abbeville, and we have no doubt that all will be well pleased with the book.

A cordial invitation is extended to every one to inspect our stock. We will always try to make it to your interest to buy from us. P. Rosenberg & Co.

Marriage of Dr. W. M. Norwood and

A brilliant and very beautiful wedding was celebrated at Troy. Abbeville County, Tuesday afternoon, when Dr. W. M. Norwood, of this city and Miss Laurie L. Vance, daughter of Major J. K. Vance, of Troy, were married.

Our wide awake and attentive correspondent at Mount Carmel sends us the following account of the finding of the body of Tutt Dansford in the Savannah river. Dansford in the Savannah river.

The deceased lived about one mile from the river. He was called from his house at night, and went off with some one unknown to his family. Not coming back that night his wife gave the alarm, fearing that he had been foully dealt with. Upon examination it is said that the place where he was seized could be plainly seen, and recognized by the evidence of a souffle. At the precipice from which he was thrown into the river, there were unmistakable signs of a souffle, and those in search for him, had no doubt that he had been thrown into the river at that place. Several tracks were plainly seen. It is said the tracks of Robert Partlow were recognized among the rest.

residence whereby the two young people were "made one in matrimony."

The bride, whose beauty and many attractive accomplishments are so well known in Greenville society, where she has been a peculiar favorite, was dressed in a reception tollet of old rose [embroidered with "forgetme-not's," full length old rose undressed kids and diamonds ornaments.

The following were the attendants on the bride and groom:

Master Jessie Vance, the young nephew of the bride, as "best man," with Miss Willie Gray, the beautiful little daughter of General J W. Gray, acting as first bridesmaid, dressed in a lovely cream costume trimmed with rich ruby plush.

T. C. Lites, of Troy, Miss Erin Sanders, of

The predictions of the Star in regard to the early completion of the Georgia, Carolina & Northern railrond are about to be realized and the glad tidings are now announced, that work will start as speedly as men and money can do the work.

The Star has always been the first paper to give the news from this great enterprise, and it is with feelings of no little pride that we are now able to give conclusive proof that we have been on the right track all the time.

We have it from a gentlemen who knows whereof he speaks that a meeting of the directors of the Covington & Macon road was held a few days since in Macon, when the information was confidentially given them that arrangements had been perfected for the speedy completion of the Georgia, Carolina & Northern from Monroe, N. C., via Eiberton, to Athens, where this line would stop, and then be blended and operated in connection with the C. & M., and not extended to Atlanta, as first contemplated. This latter round will be completed to Florida, with a branch from Mallson, via Griffin, Gu., and to be carried to New Orleans. Unbroken trains will be run over the entire seaboard system to both these terminals.

This change will make Athens headquar-

these terminals.

This change will make Athens headquar-ters for the G. C. & N., and the machine shops will be located here. It will also make this There is now not a shadow of doubt bu

tion as speedily as possible, and we believe that inside of sixty days dirt will be broken all along the line. It is proposed to begin grading at Athens, in the direction of Eiber-ton, as also at Chester, Greenwood and Abbe-ville, S. C. The Star readers can implicitly

Editor Press and Banner:

Allow me to say a word, in all kindness, in reference to your usually careful correspondent from this place. He has a right to entertain whatever views he may choose on the subject of "Instrumental Music in the Worship of God." That is a right which I claim for myself and I do not propose to take it from any one. But I do seriously question the right of your correspondent to inflict his views on the subject referred to on the leafers of a secular paper. Readers have some rights as well as correspondents.

Hundreds of your readers regard those views as cranky, exclusive and contrary to the general sentiment and practice of the christian world. And it is not probable that anything that R. S. G., may say will induce them to change their views.

The book he eulogizes so extravagantly has been noticed in the religious papaers of the country and its fallacles fully expressed. About the only impression it makes upon the minds of most sensible christian people is to satisfy them, it was written by a crank of the first water, though certainly a great and gift.

tian world. And it is not probable that anything that R. S. G., may say will induce them to change their views.

The book he eulogizes so extravagantly has been noticed in the religious papaers of the country and its fallacies fully expressed. About the only impression it makes upon the minds of most sensible christian people is to satisfy them, it was written by a crank of the first water, though certainly a great and gifted man. People may laugh for a few days over the oldfogy notions of the book, but it will soon sink into the oblivion it so richly merits.

The views of Dr. Girardeau on "Instrument al Music" have been before the Southern Presbyterian church for thirteen years and I am not aware of a single organ that has been stoped, or any influence exerted by his book except to awaken the pity of his friends in his behalf. Even R. S. G., derived his notions of this subject from some other source and did not get them by reading through the metaphysical fog of Dr. Girardeau's book.

It may be a trivial thing to entertain eccentric notions on religious subjects that analgolous and the strange of the subjects that analgolous and the subject from some other source and did not get them by reading through the metaphysical fog of Dr. Girardeau's book.

It may be a trivial thing to entertain eccentric notions on religious subjects that analgolous metaphysical fog of Dr. Girardeau's book. Presbyterian church for thirteen years and I am not aware of a single organ that has been steped, or any influence exerted by his book except to awaken the pity of his friends in his behalf. Even R. S. G., derived his notions of this subject from some other source and did not get them by reading through the metaphysical fog of Dr. Girradeau's book.

It may be a trivial thing to entertain eccentric notions on religious subjects that antagonise the whole christian world, but to demand that others should accept these notions and be governed by them is simply an impertance and one that deserved to be rebuked and rebuked severely.

J. O. L.

There is a general impression prevailing throughout the south that an abundant supply of cheap money and a general assortment of nills and manufactories are all that are needed to make this section happy and prosperons. New England has both money and manufactories, yet the following extract from a Massachusetts paper shows that the so-called thrifty New Englanders are no better off than we are:

"All over New England farms are offered for sums that would not pay for the buildings upon them, such buildings, too, as a prairie farmer would regard as quite palatial. With hard work and proper economy a living can be made on these farms, and, as a general rule, men who have the 'gumption' to get along and become forehanded on new lands in the Northwest can do the same here in New England."

Farmers County Alliance.

There will be a called meeting of the County Alliance in the Court House at Abbeville on Saturday June 1st at 11 A. M., to consider matters of vital importunce and transact such other business as may be brought before the body. Sub-Alliances are earnestly requested to send full delegations. Members of Sub-Alliances other than delegates, are requested to be present. It is important, brethren, that we have a full meeting.
