Don't Be a Fool.

Why will you pay from 10 to 15 dollars for a pair of gold spectacles to some traveling spectacle vender when you can get fitted at R. C. Bernau's for one-half the money. Mr. Bernau and Mr. Johnson are graduates opticians and know how to fit glasses, having each taken a course in optics. They are always at their stand to correct any mistake and to make good their guarantee. We do not profess to be eye doctors but opticians and know how to fit and if your eye needs treatment send your glasses to some one who knows how to do so. We will not give you blue glasses either and promise that they will cure your eye troubles. We believe they were made only for fancy price doctors and do not good and we have statements from eminent oculists affirming our belief. If you need glasses come to see us and we guarantee we can suit you or will refund your money. R. C. Bernau.
