Advantages.

Association of the People and for the People.

Protects Isolated Property.

No Salaried Officers.

No Loss--No Expense.

Speedy, Fair and Honorable Adjustment to All.

Reasons Why You Should Insure Your Property with the Abbeville-Greenwood Mutual Insurance Association.

1. It is an Association of the people, for the people, and we have thoroughly demonstrated that mutual insurance is practicable for and by homefolks.

2. This Association insures against "fire and lightning, cyclones, tornadoes and wind storms," while capital companies insure against fire.

3. This Association has half a million dollars of property insured, and since its organization has paid thirteen thousand dollars of losses, at an average annual assessment of one-half of one per cent., one-fifth of the cost of other companies, and not in a single instance has it resorted to the aid of the Courts to collect an assessment or to adjust a loss.

4. By this plan you pay for the protection you have enjoyed in the past, and if there is no loss, there is no expense; while in other companies you pay in advance for protection you expect to get, though may not get except paid for dearly by legal proceedings.

5. This plan is a contract between neighbors; while in other companies you enter into a contract written by the company, for the company, and against you. You can read and understand the policy of this company. Few understand an average insurance policy.

6. Speedy, fair and honorable adjustment of all losses of property are made at assessed valuation when insured, with no three-fourths clause attached. The man who values your property is your neighbor who also adjusts your loss; while in other companies, when you sustain a loss, a stranger comes and looks into the ashes and says what is to be paid you.

7. You can with small expense insure against fire, wind and storm, while a fire policy is about all you can afford in the old companies. You can enjoy the satisfaction of knowing that if your dwelling is burned, it is insured in an Association composed of friends and neighbors, who will pay every dollar at which it was valued, and not be subject to thousand and one restrictions, imposed by other companies, more for their advantage than for the protection of the insured. The money paid out is kept at home, and every dollar goes to the loser of property, which means the upbuilding of your own county.

8. Don't wait to be burned out and become a burden to your friends by having them BEG for you, when absolute protection is yours by casting in your mite. Demonstration is a fact, and co-operation is your duty. Therefore, at once insure in the Abbeville-Greenwood Mutual Insurance Association.

BY-LAWS

OF THE

Abbeville-Greenwood

MUTUAL INSURANCE ASSOCIATION.

5. If, at any time, there shall be a change of title or ownership of property, the obligations of the insured and the Association shall cease at once.

6. The Association shall not be responsible for any loss or damage to property; if the insured has directly or indirectly, or intentionally caused such loss or damage; nor shall the Association be responsible for damages under the amount of five dollars.

7. The Association shall not be released from any obligation in case of loss or damage, because of liens, mortgages, or defective titles to property; but, when it shall appear that the insured is not the rightful or legal owner of the property, then shall the insurance, or such part of same as may not belong to the insured, be paid to the proper owner.

8. The territory of this Association shall be limited to the county lines of Abbeville and Greenwood Counties, and the property adjacent thereto. VI. He shall call a meeting of the Board of Directors when demanded by three or more members thereof.

VII. He shall cause by-laws, circulars, and policies to be printed, and such advertising matter as he may deem necessary, and to pay for the same upon the order of the President.

DUTIES OF TREASURER.

II. It shall be the duty of the Treasurer to estimate the loss on all property insured, and apportion the same to each member who shall have notice by mail. He shall receive, receipt, and hold, subject to order of the President, all moneys accruing from such assessment, and submit a report of same to President. He shall also give a bond sufficient to cover any assessment that may occur.

DUTY OF DIRECTORS.

12. It shall be the duty of each Director to assist the General Agent in valuing all property entering the Association, and adjusting all losses in their respective townships. The Director may reduce the value of any property which he thinks is valued too highly, and give the General Agent notice of same, who shall reduce the same on his books; but the insured may ...to the Board of Directors, ...ose decision shall be final.

13. The Board of Directors, with the President as Chairman, and the General Agent as Secretary shall constitute the Legislative body of this Association. They may make such by-laws, rules and regulations, as they find necessary for the good of the Association.

REPRESENTATIVES.

14. Each member shall have one vote, and those having as much as $2,000 insurance shall have two votes, and an additional vote for each additional thousand dollars insured.

15. The Directors shall each have as many votes as there are thousands of dollars insurance in his township. The Agent shall determine from his books the number of votes to which each is entitled.

16. When the General Agent shall have sent written notice to each Director, stating the time and place of meeting, then, if there be Directors present representing fifty votes, they shall constitute a quorum.

TERM OF OFFICER.

17. The President, General Agent, Treasurer, and Directors shall be elected by a majority vote of the members in conventio and shall continue in office for a eriod of one year.

18. Should the office of President become vacant, the General Agent shall call a meeting of the Directors, who shall elect his successor. Should he office of Treasurer become vacant, the President shall appoint his successor. Should the office of Director become vacant, the General Agent may appoint a substitute until the next general election, which shall invariably occur annually.

19. The President or any officers of this Association may be removed by a majority vote of the members.

PROPERTY INSURED.

20. No property should be taken for more than three-fourths of its full value. No steam mill shall be insured in this Association. If a gin house or other buildings be taken into this Association in which at intervals machinery is operated by steam, the insurance on such building, or buildings adjacent and endangered thereby, shall be removed, so long as it is so operated; but such danger being removed from such building, the policy shall again become intact.

21. No dwelling house shall be taken in this Association less than 250 feet from the property of an neighbor, and no building shall be insured for a larger amount than one thousand dollars, nor less than twenty-five dollars.

22. No building shall be taken into this Association within the limits of any town or city, unless said building be at least 100 feet from the property of a neighbor; provided, in all cities the General Agent shall exercise his best judgment, always looking to the best interests of the Association; and when so advised by the local Director, he may take in any property less than 100 feet which he thinks is safe from fire by the burning of adjoining buildings. Neither gins nor ware-house containing insured cotton shall be taken into this Association.

23. The General Agent may take into this Association dwellings, household goods, barns and out-buildings. In no case shall household goods be insured, except within buildings insured, in this Association.

24. Should any member desire to take out insurance on cotton or any goods stored in buildings insured in this Association, said goods being such as this Association does not insure, then shall said member at once notify the General Agent or Director, who shall suspend both the insurance and liability to assessment for the same on such building, until said policy expires, when the building shall again be reckoned in the Association as before, without additional charge to the owner, if desired.

25. Any member may withdraw his or her property, or any portion of it, from this Association by paying all assessments against the same, and giving the General Agent or President thirty days' notice of his intention prior to time of withdrawal, and the surrender of the policy for cancellation. Likewise, the Association may, through the Board of Directors, or in accordants with the requirements of its policy, remove any property they think the interest of the Association demands, by giving the insured thirty days' notice prior to time of withdrawal, but both the Association and the insured shall be bound until noon of the 30th day from date of notice.

26. No member shall, after insuring property in this Association, take out additional insurance in another company, without the written consent of both President and the General Agent of this Association. Nor shall the contents of any building be insured in another company, without the written consent of both the President and the General Agent. Such violations shall cancel liabilities in this Association.

27. The General Agent may reduce the insurance on any property, but may not, except as herein provided, remove property.

28. The General Agent may write policies to take effect at any time after time of insuring.

29. The General Agent shall furnish a full list of all members, and the insured property in each township, to the Director of that township.

30. Should the Directors at any time see cause to extend the period for collecting an assessment, they can extend the time, not exceeding three months, nor less than thirty days. Should a policy-holder fail to pay an assessment within thirty days, then the policy upon which said assessment is due shall stand suspended, and legal proceedings may be instituted to collect the assessment and all cost thereon.

31. All property insured in this Association shall be re-assessed every four years by a Board composed of the township Director as chairman, and two stockholders of the township who shall be appointed by the General Agent.

32. The annual meeting of the policy holders of this Ascociation shall be held on the second Tuesday of January of each year, and the Board of Directors shall meet quarterly, or upon the call of the President.

33. The By-Laws of the Association may be changed or amended by a two-thirds vote of the Directors at any meeting.

34. 35. Policy-holders are bound by this policy and the By-Laws of this Association.

The public will observe that the apportionment is very much smaller in some school districts for the present year than for the past. This is due to several causes, to wit: Some School Districts overdrew their apportionment for the previous year, and the overdraft was deducted from the present apportionment. In some districts fewer pupils have been reported, the total number of children, however, has been increased which decreased the per capita rate.

The main cause of a decrease in fund is the fact that the apportionment for last year (through an oversight) was more than the funds actually on hand. Apportionments are based not on a certainty, but necessarily on an approximation. Respectfully,

J. S. GIBERT,
Co. Supt. of Education.
