CLAIM AGAINST STATE.

LEGISLATIVE COMMITTEE THE BLACK MATTER.

Session to be Held Before Next Legislature to Inquire Into a

Very Old Claim. One of the most interesting of the legislative committee meetings will be held shortly before the next session to consider a historic claim against the state government.

It seems that in 1849 F. D. Black, of Abbeville, was comptroller gener-al of the state and while in office discovered a number of unpaid claims this state had against the federal government. These claims were for expenses incurred by the state in equipping troops and other move-ments in the war of 1812 and the Mexican war. An agreement was made with the state for a collection on a fifteen per cent basis. A little was collected at the time and the rest allowed to drop until Senator Tillman managed to get the claim

through two years ago.

The heirs of Black at once put in a claim for their share and a commission was appointed consisting of Senator Marshall and Representatives Fraser and Pollock. This committee will summon Senator Tillman, the attorney general and other witnesses and report at the next session on whether the claim should be allow-ed. It is said that Senator Tillman is opposed to the claim and thinks that the agreement made by this state in 1849 with Black should not hold good now. It is not known though what the committee will bring out at its sessions or what kind of report will be made.

Reflections of a Bachelor. A man would rather even go to

church than be kept in the house weather. by rai A bachelor gets very little real en-joyment out of a club because he can go there any night he wants to. It's mighty funny how a girl never grows a wisdom tooth till she
