Wide Range on Prices.

The fluctuations in the price of cotton are nothing when compared to the price which is set on the different dispensary folk by a outside customer.

In Spartanburg the price of a dispensary man's favors ranges from \$25 all the way up to \$75.

In Columbia a dispensary man's favor comes much higher than in Spartanburg. \$30,000 was offered to one Mr. Nixon, and even that price was refused. We are not informed as to the selling price, but assume that the moving figures were still higher.

Nothing that has appeared in the papers for a long time has brought to our ears more remarkable of an amusing kind than the statement of Mr. Nixon that he was offered \$30,000. One man said that the price was too high, another suggested \$50 as a taking figure, and another thought that Mr. Nixon should have considered the offer as a special discount, and given the State credit for \$30,000 discount on the bill. It was suggested, too, that Nixon ought to go to the penitentiary for not acting in the interest of the State.

But it would seem that dispensary folk like cotton, are sometimes, on the market, to the highest bidder.

In Abbeville there are perhaps 500 men who have been at work all their lives gathering up the dollars. Among that number there are not a dozen men who have made \$30,000. And nobody about here, as far as we have heard, has given Mr. Nixon much credit for throwing away the opportunity of a life time. This dispensary investigation has been a revelation and a surprise. The pitiful stories of men being bought at prices ranging from \$25 to \$75 is surprising and the effrontery with which men proclaim their own shame is amusing. And the high price which a dispenser placed upon Nixon, we think, will be accepted as the biggest joke that has been perpetrated on the commission. The fact is, the whole thing seems to be a monstrous joke, wherein depravity of the witnesses may not be carefully concealed.

In view of the testimony now before the world, we offer this resolution.

Resolved, that, with some exceptions, witnesses before the commission have proved by their own testimony that they are as a rule, shameless scoundrels.

Resolved, that other and better men be put in charge of the dispensary offices.

The Presbyterian College.

Abbeville can have, and should have, the Presbyterian College. The opportunity of a life time is presented, and if we fail to accept it, Abbeville may be forever without a college.

Let those who have the good of the town at heart make proper effort, and the prize will be ours.

It is useless for us to attempt to enumerate the many ways in which this people, morally, educationally and commercially would be benefited by the presence of a college.

As the whole people would be benefited, the proper way to get the college is to offer city bonds for it.

The Synod is now determined to make a college which is a much larger number of students will be educated than heretofore.

Besides the tuition fee, the board and the clothing that one hundred or two hundred students would spend would be large.

Again: If the college comes it will bring with it an endowment of \$50,000 which will be used in building up our waste places. If such still exist.

While we think the college would be worth several hundred thousand dollars, it is possible that \$50,000 of city bonds would secure it. The increased value of our property and the increased business of the city would more than pay interest on our bonds.

A moment's reflection would convince almost anybody of the great importance of getting the college, which would be worth more to us than a new cotton mill or any other enterprise which we now have in mind.

Song Books.

Last Sunday morning Rev. Mr. Kennedy, while in the Associate Reformed pulpit referred to the scarcity of copies of the Bible Songs. He thought that the church should be supplied with a sufficient number so that a copy might be offered to strangers or visitors who may be present at any service. He invited those members of the congregation who sympathized with the proposition to leave their money with Mr. McMill, who would order books with the money left with him for that purpose.

In this respect we were reminded of a little matter while Mr. Ewart was pastor. A member of the congregation was, like Mr. Kennedy, impressed with the scarcity of and the necessity for Bible Songs, and asked him to see the members in reference to the matter. Mr. Ewart very readily agreed with the member and accepted his check as his contribution for the purpose. Mr. Ewart's great interest in securing the requisite number of books was manifested by his forwarding the aforementioned check, and receiving in return books to the amount of that check.

Not Reporting Sermons Now.

On condition that we be excused from here after reporting or commenting upon the sermons in the Associate Reformed church we increased our contribution to the pastor's salary, and we are not now reporting sermons.

The Methodist church was closed last Sunday morning and the Associate Reformed congregation were glad to have with them several of the brethren of that flock. All the people seem to be pleased with the new pastor. We were gratified that the preacher saw no necessity for explaining to the congregation in whose praise the Psalms were sung. He took it for granted that the congregation knew that much.

The prayer on Sunday morning was good and comforting in many respects, and it was one which must have been thoroughly acceptable to those in whose behalf it was uttered.

On next Sunday morning the most comfortable sacrament of our blessed Lord will be celebrated, and all the brethren were urged to be present.

Frivolous Religion and Pretty Millinery.

Judge James M. Crosson of Texas, thinks there is in Houston, Texas, a frivolous mixture of millinery and religion. Religion and frills please pretty women and good religion makes the most delightful vision that ever greets the eye of susceptible bachelors. Let us have more of the mixture—more religion—more frills and more of kindred things.

Kind Words From an Old Friend.

COME INTO COURT.

Judge James M. Crosson, formerly of Newberry, but now of Texas, in writing to the Newberry Herald and News, has these kind words to say of a young man who worked in his printing office and boarded in his house in 1856. The man of whom he speaks was young in 1856, but he is older now—49 years have been added to his record since then. The young man to whom reference was had may be known to some of our people, and we copy what the Judge says:

The editor of the Press and Banner, Abbeville, Hugh Wilson, also worked in the same office and boarded with him. He was very much attached to them and they loved him, as every one did that knew him. Wilson is the able editor of the Press and Banner—industrious and able. While I do not agree with him in all things, I admire his independence and ability. Two of his kinmen, John and James Bigby are here—industrious and progressive men. I usually call them "Big Hosskins" from the name of a creek in Abbeville near where they had lived.

Public is Aroused

The public is aroused to a knowledge of the curative merits of the great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Waters, of 516 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctor's drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at P. B. Speed drug store; price 50c.

BLAKE HOMESTEAD consisting of 608 Acres, just north west of the city limits has been divided into nine tracts and will be sold for division, Monday, Oct. 2, at 12 m., in front of the Court House.

This is the finest chance a man of moderate means will have to secure a home so near Greenwood. This property is situated on the road leading from Greenwood to Cokesbury and Ware's Shoals along which the contemplated trolley line will run. There is not a body of land in the Piedmont section which has as little waste land as this plantation.

The Terms of Sale will be one-third cash, balance in one, two, three or four years as the purchaser may desire. If purchasers are not prepared to pay one-third down, special arrangements can be made with the legatees who are all of age.
