Wounds, Bruises and Burns. By applying an antiseptic dressing to wounds, bruises, burns and like inurles before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on the same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle or Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by C. A. Milford and H. M. Young, Due West
