ALL ABOUT THE CITY. We have been asked if the "boom" in real estate in Abbeville was real, we judge it is, because it shows the confidence monied men have in the growth and progress of the city, also marks an epoch in the history of the city that points yet to a larger and greater growth when prices will and must go still nigher, therefore wise men who have capital for investment are putting their money in real estate. These are facts, therefore the boom is certainly real and investors now will realize a handsome profit on their ventures ere another tweive months roll by.

## The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that de-termines its duration, seems to be be-tween 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by P. B. Speed, druggist. 50c.

I have found a tried and tested cure for Rheufinatism! Not a remedy that will straighten the
distorted limbs of chronic cripples, nor turn bony
growths back to flesh again. That is impossible,
But I can now surely kill the pains and pangs of
this deplorable disease.

In Germany—with a Chemist in the City of
Darmstadt—I found the last ingredient with
which Dr. Shoop's Rheumatic Remedy was made
a perfected, dependable prescription. Without
that last ingredient, I successfully treated many,
many cases of Rheumatism; but now, at last, it undformly cures all cuyable cases of this heretolore
much dreaded disease. Those sand-like granular
wastes, found in Rheumatic Blood, seem to dissolve
and pass away under the action of this remedy as
freely as does sugar when added to pure water.
And then, when dissolved, these poisonous wastes
freely pass from the system, and the cause of
Rheumatism is gone forever. There is now no
real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend
