### DO NOT KNOW WHAT CAUSES SICKNESS

#### Modern People Have Many Names for Same Diseases, According to New Belief.

Does human health depend on one organ alone? This question is becoming widely discussed since L. T. Cooper first advanced his theory that the stomach is the true seat of life and all health dependent upon it.

Mr. Cooper, who has met with remarkable success in the sale of his new medicine, believes that the stomach is responsible for most sickness, and that this organ is weak in the present generation. While discussing this theory recently, he said: "I am asked time and again to tell why my medicine has made such a record wherever I have introduced it. My answer always is, 'because it restores the stomach to a normal condition.' No one will deny that today there are more half-sick men and women than ever before. Nothing critical seems to be the matter with them. They are just half-sick most of the time. They don't know really what is the matter with them. I have talked with thousands during the past two years, and few knew indeed what their trouble was. One said nervousness, another said kidney trouble, another liver complaint, some constipation, or heart trouble, or lung trouble. Many had treated, as they called it, for most of these diseases at different times. A very common complaint is 'all run down,' or 'tired all the time,' or 'no appetite.'"

"I know positively that every bit of this chronic ill health is caused by stomach trouble, and nothing else. My New Discovery puts the stomach in sound condition in about six weeks. Mighty few people can be sick with a

sound digestion. That is why my medicine is selling at such a tremendous rate. I have convinced many thousands of people that these things are so, and the number is growing by leaps and bounds."

Among more recent converts to Mr. Cooper's beliefs is Mr. Edgar L. Hinds, living at 6 Tappan Street, Everett, Mass. Mr. Hinds has this to say on the subject:

"I have suffered with stomach trouble for eight years. I was not sick enough to be in bed, but just felt bad all the time. My greatest trouble was that I always felt tired, would get up in the morning feeling as tired as when I went to bed. "I had a very irregular appetite, and was troubled with dizzy spells. If I stood for any length of time, I would have a dull pain in the lower part of my back. I was nervous and felt all the time as though something terrible was going to happen. I tried many kinds of medicine, but nothing ever helped me."

"I had about given up all hope of ever being in good health again, when I heard so much of Cooper and decided to try his medicine. I took one bottle of his New Discovery and was greatly surprised at the result. I gained 12 pounds in a few weeks. I can now eat anything I wish, and feel like a new man. I cheerfully recommend this medicine to all sufferers from stomach trouble."

"It is worth anyone's time, who is not enjoying good health, to learn of Mr. Cooper's wonderful preparations. We are selling them in large quantities. Mighty few people can be sick with a

A weak Stomach, means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. It's a pity that sick conditions to drug the Stomach or stimulate the Heart and Kidneys. The weak nerves, not the organs themselves, need this help. This explains why Dr. Shoop's Restorative has, and is promptly helping so many sick ones. It goes direct to the cause of these diseases. Test this vital truth, and see. C. A. Milford.

## Rexall "93" HAIR TONIC

In these days when youth is the moving factor—when man has made his mark at thirty-five and is dubbed a "has been" at forty; when business houses pension the man we used to call "middle aged," rather than allow his lagging influence to intrude upon the modern commercial rush—a bald head is a serious handicap.

In the social world it is equally bad for a man, while for a woman—it is fatal.

Few people can afford a bald head. Even those who can—those who are fixed socially, financially and matrimonially—have no wish to do so. But afford it or not, thousands of us are bald, either partially or wholly.

What caused baldness—whether an inherited tendency; whether through undue mental effort, sickness, dandruff or other scalp disease—makes no difference. What we want is HAIR.

Millions of dollars have been spent in vain efforts to grow hair on bald heads. Other millions have been spent in an effort to restore faded gray hair to its natural shade, and still others to banish dandruff. And still dandruff declined to disappear; hair refused to grow; lost tints of brown, blonde and auburn failed to return.

All this, however, is of the past. Failures have give place to success. A real hair tonic has at last been found. REXALL "93" HAIR TONIC is a positive cure for all hair and scalp troubles. It is not sticky or gummy, will not thicken on hair, does not become rancid, has no disagreeable odor. It is clean, agreeable and pleasant to use.

### REXALL "93" HAIR TONIC

Cures all cases of dandruff, falling hair, irritation of the scalp, baldness, premature fading, scanty growth, and all those annoying affections of the scalp which scientists have found to be due to the presence of microbes. REXALL "93" HAIR TONIC restores the hair by first killing the microbes, by supplying a nutritive food element upon which the injured hairs may feed and regain health and strength by cleaning the scalp and strengthening the hair follicles. It assists nature to restore the color by making the hair healthy and enabling it to draw its own coloring matter from the pigment glands in the scalp. It is not a dye.

### Remember that dandruff is proof positive that microbes are at work on the roots of your hair. Then is the time to buy a bottle of REXALL "93" HAIR TONIC and begin treatment. Don't wait until you are bald.

"GREATLY ADDS TO BEAUTY."

"I can most highly recommend Rexall's '93' Hair Tonic as the best of preparations for the preservation of the hair and the promotion of its healthy growth. It not only preserves the hair and stops it from falling, but it gives it a gloss and sweetness which greatly adds to its beauty. Every woman should use Rexall's '93' Hair Tonic as a dressing to the hair if she desires to keep her hair in the best condition."

—Mrs. J. C. HALL, Palmyra, N. Y.

### THE STORY OF REXALL "93" HAIR TONIC.

Before placing REXALL "93" HAIR TONIC on the market we realized that we had a formula of exceptional value, and yet we determined to give it a thorough trial before we offered it as a Rexall preparation. We therefore wrote to one hundred druggists in as many cities, asking the name of one customer who suffered from a disease of the hair and scalp. To each of these customers we sent three bottles of the hair tonic and asked them to try it and report upon it.

THE RESULT: Five reported no answer, two reported adversely and

NINETY-THREE sent enthusiastic reports of the remedy and gave details of the splendid effect in each individual case.

We therefore selected "NINETY-THREE" HAIR TONIC as the name of this preparation which we believe to be the best. Could any other name be so significant of merit? Any test have been more fair? Any results more encouraging?

In buying REXALL "93" HAIR TONIC you take no chances whatever. If after a trial you are not more than satisfied we will promptly and cheerfully refund your money.
