Office in Amos B. Morse's Store. Phone No. 13.

When you buy Lard you get more than you bargain for—It's heavier in your stomach than on the scales

Lard is a foe to digestion. If you had the stomach of an ostrich you could hardly withstand the ravages of lard-soaked pastry. You have probably found this out and already given up the eating of pastry. 'Tis wholly unnecessary! Anyone can eat and digest food cooked with COTTOLENE, the perfect shortening. It is a pure vegetable product, made from the best beef suet and choicest vegetable oil.

When you buy lard you have no pro-

tection as to quality—you simply know you are getting LARD—never mind the grade, it's just L-A-R-D. On the other hand, every pail of COTTOLENE in uniform—the product is guaranteed. You take no chances whatever.

In the face of these facts just ask yourself if you can afford to use hog lard when you can get pure, healthful, nutritious COTTOLENE.

Cottolene is Guaranteed We hereby authorize your grocer to refund your money in case you're not pleased after having given COTTOLENE a fair test.

Never Sold in Bulk COTTOLENE is packed in pails with a patent air-tight top, to keep it clean, fresh and wholesome; also to prevent it from absorbing the disagreeable odors of the grocery, such as fish, oil, etc.

Cook Book Free We shall be glad to send any householdwife, for a two-cent stamp, our new "PURE FOOD COOK BOOK," edited and compiled by Mrs. Mary J. Lincoln, author of the famous "Boston Cook Book."

HARD TIMES DON'T FAZE LEGAL TENDER TWIST TOBACCO

This brand is a favorite with chewers of high grade twist because of its uniform superiority of flavor and quality. Our buyers pick over the choicest growth of Virginia and North Carolina and as a result the original superiority is forever maintained. Beware of twist artificially flavored, as that argues low grade or damaged leaf "doctored" to deceive you. Legal Tender is always the same in unapproached flavor quality. Insist on this brand being given you. Manufactured by a strictly independent firm.

ALONG ROUTE 3.

We insert a clipping from the Laurens Advertiser that many friends of Mr. R. P. McNeill, of Sharon, may see what he is doing.

The work of paving the public square and sidewalks was fairly inaugurated Thursday morning. The construction company have about thirty workmen now employed and the work is progressing. The grading, moving of telegraph and telephone poles, and the laying of curbstones is the first part of the work undertaken, and much of this is already done. The sidewalk is to be laid in a neat and finished way, necessitating the removal of most of the noise on the square.

Superintendent R. P. McNeill is in charge of the work and from present indications he means to push the work with all possible speed. A number of machines and engines for various purposes have already arrived. The work has begun in earnest.

Young Man with New Theory is Astonishingly Successful in Minneapolis.

The remarkable success that has attended L. T. Cooper during the past year has not been confined to any one locality, but is so widespread that the young man is now a well-known figure in most of the leading cities of the country.

Mr. Cooper believes that the stomach is the foundation for most ill health, and claims that his preparation, by regulating the stomach, is a true specific for most diseases. The following extract from the Tribune of Minneapolis gives an idea of the surprising number of people who are accepting Cooper's theory. "The article was one of many that appeared during Cooper's stay in Minneapolis, and is as follows:

"The sale of Cooper's preparation is now phenomenal in this city, and an estimate made today seems to indicate beyond all doubt that it will equal the large figures reported from Pittsburg during the thirty days Mr. Cooper spent in that city.

"During the past twenty-two days Mr. Cooper has been in Minneapolis, the sale of his preparation has averaged about two thousand bottles a day. When the amount of medicine disposed of throughout the state is added to this, the amount will be doubled. Therefore, the young man has sold in twenty-two days eighty-eight thousand bottles of his medicine in the state of Minnesota alone, which is a truly remarkable record.

"During the past week so many hundreds of Minneapolis people have been calling to thank Cooper for the good he has accomplished with his medicine, that it is safe to say that his visit will long be remembered by the sick of the city."

We sell the famous Cooper preparation, which has made a similar record to the above wherever introduced. City Drug Store.
