## ROMANCE OF A PRINT SHOP.

Miss Mary Collins and Paul E. Chisholm, of the Green River News Are Married Here by Printer Preacher.

(See Column Daily Gleaner.)

Saturday witnessed the culmination of a happy printing office courtship. The contracting parties were Miss Mary Collins and Paul E. Chisholm, both of Sebe, Ky. They came to the city at noon Saturday and after obtaining the requisite papers, were most happily married at the home of Mrs. Likens on Clay street, the ceremony being most impressively said by Rev. E. M. Vance of the Clay street Methodist church, in the presence of a small but interested company of friends.

At the conclusion of the ceremony, and after the bestowal of congratulations, Mr. and Mrs. Chisholm will leave this morning for their home in Sebe.

The officiating minister, it is learned, was up to two years ago, a printer, who added more color to the affair as being "the romance of a print shop."

Miss Chisholm is the daughter of the Green River News, and is a most attractive young woman. For many months she also worked at the press in the father's office, and thus at the type cases developed a case of strong enduring love, to which Cupid and the good minister of Sebe added the touches of the binding marriage ceremony.

Many friends extended their sincere congratulations, and wish for them a bright and prosperous journey over life's path.

Miss Nellie Bolt from Darvill and Miss Ferguson of Longmire, passed through here Friday afternoon on their way to Augusta, whether they go on business.

Miss A. Line Fryd from Greenville has been visiting friends in town this week.

There must be some attraction in McCormick for some of our former friends, as we see them in town right often.

Miss Fannie Dunaway and Little Bradley spent Sunday with Miss Maude Lyon at her home in Troy.

Mr. N. W. Odell from Parksville was among the visitors in town last week.

Miss Sallie Tolen from Troy made a flying visit to Mr. and Mrs. G. P. Watkins Saturday afternoon.

While engaged in carrying his favorite horse, Monday the 15th at noon, Rev. J. E. Drenon was struck with a bolt of lightning, and has been critically ill ever since. Rev. Drenon came to McCormick from Wadesville, Ga., in January, having been called by the McCormick and Buffalo Baptist churches. While he has only been in our midst a short while his long and logical preaching of the gospel, attended by his friendly and lovable every day life, has made him very popular with the people regardless of religious belief. His world as a minister can be best demonstrated by the attendance at his services, which has invariably taxed the seating capacity of the church.

The measuring party given last Thursday night at the beautiful home of Mrs. John A. Harris under the auspices of the Ladies Working Society of the Methodist Church was a grand success both socially and financially. It was socially the most notable event of the season so long to be remembered by every one present. Music instrumental and vocal, and recitations made up the pleasure of the evening.

During the evening delightful refreshments were served.

The receipts amounted to about \$36 giving a net receipt of over \$50 dollars.

Below we append the program of the evening kindly handed us by one present, so that our readers who were not there may see for themselves what they missed.

It was exceedingly the omission of some names in the quartet.

"The minutes" by the children was lovely each one carrying their own grace and ease of manner that marked the splendid training they had received by Miss Scully.

Many friends who were very anxious to be present were unable to do so because of the illness of Mr. Hardin and hope and pray that he may soon be fully restored to health.

Mrs. G. A. Douglas is extremely ill at this writing.

Mr. George Douglas is home from the United States Army on this account. Many friends as well as the family are very anxious as to her condition yet hope for the best.

## Flowers for the Square.

Mrs. J. C. Ellis has just received a shipment of flowers from the Department of Agriculture in Washington by Hon. W. H. Allen consisting of Magnolia trees, Cedar trees and flowering plants galore. These, with a fine lot of seeds, are being planted in the square garden which they have reached full growth. The Ladies of the Civic League are busy nearly every day now, planting and seeding and by midsummer we may expect to see as graceful a plaza as there is in the entire state.

## Copper Mines in Abbeville.

Some time since rich deposits of copper were discovered near Donalds, S. C., in this county, one has proved to be worth working and extensive preparations are being made to mine it.

Those interested are Messrs Fress Smith, Robert Stone, and Charles Tribble. The owners have been offered a good sum of money for the mine, but have refused to sell.

Abbeville County contains what was once the richest gold mine in its size in the entire land and it is not surprising that now copper should be discovered.

Copper is one of the most important minerals we have, coming next to iron ore. Copper and manufactured copper is one of the principal exports of the United States.

## CAUSE FOR ALARM.

Loss of Appetite or Distress After Eating a Symptom that Should Not be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicates indigestion or dyspepsia. Over eating is a habit very dangerous to a person's good general health, and insatiable appetite is a sure symptom of disease.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest and healthiest persons are moderate eaters.

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge everyone in Abbeville who is suffering from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality.

If after reasonable use of this medicine, they are not perfectly satisfied with the results we recommend them to our customers every day and have yet to hear of anyone who has not been benefited by them. We honestly believe them to be without equal. They are made from the prescription of a physician who devoted all his time to the study and treatment of stomach troubles. They give prompt relief, neutralize gastric juices, strengthen the digestive organs, create good digestion and assimilation, naturally regulate the bowels, promote perfect nutrition, and create a permanent cure of all unhealthy symptoms.

Give you to try a 30c. box of Rexall Dyspepsia Tablets, which give fifteen days treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, for which sell for 50c. and 80c. C. A. Millard & Co.
